THE COMMONWEALTH OF MASSACHUSETTS

FIFTY SECOND ANNUAL REPORT

DEPARTMENT OF PUBLIC SAFETY

1010 Commonwealth Avenue

Boston, Massachusetts

I have the honor of submitting the fifty second annual report of the Department of Public Safety for the fiscal year ending June 30, 1973, made in compliance with the provisions of General Laws, Chapter 147, Section 1.

The following is a summary of the activities of the Division of State Police, Inspection, Fire Prevention, Boxing Commission and various Boards and Bureaus of the Department for the fiscal year from July 1, 1972 to June 30, 1973:

DIVISION of STATE POLICE

This foreword is intended to highlight one of the more outstanding endeavors of the past year. For specific reports on individual Bureaus, please refer to the Table of Contents.

Commissioner John F. Kehoe, Jr. continued as the Chief Administrator of the Department during fiscal 1973. He was assisted in supervising the activities of the Uniformed Branch by Deputy Commissioner Fred I. Lamson and Lieutenant Colonel John R. Moriarty.

In an effort to promote equal opportunity within the Massachusetts State Police, a recruit class was enrolled in the past year which was comprised of members of the Commonwealth's minority groups. They were actively recruited by a minority consultant firm hired by the Department to screen applicants and suggest the best qualified personnel. This class, which graduated in June of 1973, met all the judicial guidelines, and hopefully will attract other capable young people from all walks of life to look at the State Police when developing their career objectives.

The Commonwealth of Massachusetts

Department of Public Safety
 Bureau of Eastern Field Operations
 Massachusetts State Police
 August 24, 1973

To: Commissioner John F. Kehoe, Jr.
 From: Major Edward J. Teahan, Bureau of Eastern Field Operations
 Subject: Information for Department of Public Safety Annual Report

1. Bureau of Eastern Field Operations
2. Commanded by: Major Edward J. Teahan
- 2a. Number of Assigned Personnel: 361
3. Function: General police duties, traffic supervision and control, crime prevention, criminal apprehension and prosecution, protection of life and property, working in conjunction with local police departments, detective agencies, superior and district courts. The Eastern Field Operation is also responsible for the Air Wing with three (3) men assigned to flight duty. (1) Sergeant and two (2) Troopers. At present we have one helicopter, a Bell Model 206B Jet Ranger used extensively for Highway Traffic Safety, for numerous searches and investigations involving bank robberies, lost children, plane crashes, drownings and disasters necessitating rescue and removal to hospital sites.

4. Pertinent Statistics:

Arrests	5176
Accidents	4409
Complaints Investigated	-1294
Assistance to Motorists	-20917

5. Pertinent Information: While the broad goal of the Bureau of Eastern Field Operations are the protection of life and property, the apprehension and prosecution of criminals, the prevention of crime and assisting the public, the major commitment for the past four months has been the control of the unrest of the penal

- 2 -

5. cont'd.

institutions of Massachusetts. Security at MCI Walpole, Norfolk and Concord has been of top priority of the Bureau of Eastern Field Operations and the performance of the men of the Massachusetts State Police has been excellent. Even with this new dimension of the State Police with all its added responsibility of prison security, the broad goals of the State Police have been met and fulfilled.

Edward J. Teahan Jr.
EDWARD J. TEAHAN

EJT/hew

Bureau of Western Field Operations
Massachusetts State Police
August 20, 1973

To: Commissioner John F. Kehoe, Jr. (Thru' Channels)
From: Major Edward P. Tonelli, Bureau of Western Field Operations
Subject: Information for Department of Public Safety Annual Report

1. Bureau of Western Field Operations
2. Commanded by: Major Edward P. Tonelli
- 2a. Number of Assigned Personnel: 354
3. Function: Responsible to the Executive Officer for the planning, directing and coordinating of all the activities of personnel, civilian and uniformed, with the Bureau of Western Field Operations which comprises Troop B, C and E. Act as liaison between the Bureau and all governmental agencies and bureaus within the State Police.

4. Pertinent Statistics: the following is a partial breakdown of the activity of Bureau of Western Field Operations.

Arrests	5738
Accidents	3704
Complaints Investigated -	2013
Assistance to Motorists -	over 30,000

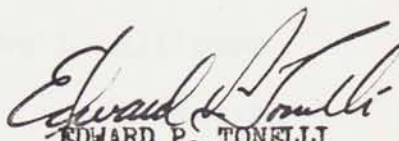

5. Pertinent Information: During the past year the Bureau of Western Field Operations developed and implemented programs which were designed to help educate the Trooper in the field and allow him to communicate more freely through the use of seminars and surveys.

Periodic meetings were conducted by patrol supervisors in which activity reports concerning traffic violations and equipment tag statistics were discussed and evaluated for the purpose of where effective concentration in areas of selective enforcement.

- 2 -

A unique approach to accident prevention was instituted with excellent results. By utilizing the accident van assigned to each troop and saturating certain pre-designated accident areas with manpower, the accident rate was cut to a minimum. Shortage of manpower minimizes the opportunity to deploy this type of enforcement.

Motor vehicle violations were greatly increased during the fiscal year. The activity of officers assigned to the Bureau was scrutinized at the beginning of the year. As a result a personal interview was held with each officer concerning his activities or lack of same with the net result being an overall increase.

EDWARD P. TONELLI

Major, Bureau of Western Field Operations

MASSACHUSETTS STATE POLICE
HEADQUARTERS TROOP E
WESTON, MASSACHUSETTS
JULY 30, 1973

TO: Commissioner John F. Kehoe, Jr./thru channels/
FROM: Captain James L. Killoran, Commanding Officer Troop E
SUBJECT: Information for Department of Public Safety Annual Report

- 1. Troop "E"
- 2. Commanded by Captain James L. Killoran
- 2a. Assigned personnel:
 - 1 Captain
 - 4 Lieutenants
 - 5 Staff Sergeants
 - 4 Sergeants
 - 12 Corporals
 - 57 Troopers

Total Uniformed Men 83

3. Function: The prime requisite for a successful operation must be traffic safety. With close cooperation and coordination between the Massachusetts State Police and the Massachusetts Turnpike Authority it is the principle concern of all personnel of Troop "E" to protect life and property; prevent accidents and enforce the Laws of the Commonwealth. This is done in a dedicated and professional manner

4. Pertinent Statistics: Following is a breakdown of Criminal Arrests for Troop "E", Massachusetts State Police, Massachusetts Turnpike for the Year 1972:

CRIMINAL ARRESTS - MASSACHUSETTS STATE POLICE - TROOP "E" - 1972

Armed Robbery	7
Assault & Battery	1
Assault/Dangerous Weapon	3

Trespassing	50
Using MV w/o Authority	23
Violation of Probation	2

Total

617

Following is a breakdown of Motor Vehicle Violation Data for Troop "E" for the year 1972:

1. During the year 1972, there were a total of 737 persons arrested on various motor vehicle charges.
2. There were 4,122 persons summonsed into various courts on various motor vehicle charges.
3. There were 12,038 warnings issued for various motor vehicle charges during 1972.
4. There were 2,025 equipment tags issued for defective equipment.
5. There were 617 Criminal Arrests for 1972.
6. The average speed for which violators were arrested or summonsed into court was 80 MPH.
7. The major infraction of the Rules and Regulations for the Use of the Massachusetts Turnpike was Speeding in Excess of 65 MPH.
8. As a result of these 4,859 persons being either arrested or summonsed into court, a total of \$49,670.00 in fines was levied.

Assistance Rendered to Patrons by the Massachusetts State Police, the Emergency Service Patrol attached to the State Police and Turnpike Service Contractors contacted by the Desk Officer totaled 30,441.

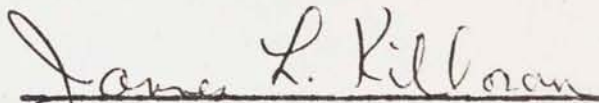

Following is a breakdown of Motor Vehicle Violations - Troop "E" for the year 1972:

<u>VIOLATION</u>	<u>ARREST</u>	<u>SUMMONS</u>	<u>WARNINGS</u>	<u>TOTALS</u>
Speeding	360	3157	9599	13116
Endangering	27	38		65
Drunk * Operating	37	5		42
Leaving the Scene	6	2		8
W/O Authority	18	1		19
After Revocation	23	25		48
No License	57	48		105
No License and Reg.	35	124	199	358
Unregistered	42	81		123
Uninsured	35	60		95
"U" Turn	13	90	61	164
Care in Stop/Start/Turn	6	79	146	231
Backing Up	1	35	136	172
Fail to Keep Right	8	20	160	188
Crossing Solid Lines	1	21	341	363
Chock Blocks	1	10	270	281
Following Too Close	4	21	64	89
Defective Equipment	14	61	340	415
Others	49	244	722	1015
Totals	737	44122	12038	16897

5. Pertinent Information: Massachusetts State Police Troop "E" offers exclusive police services to the Massachusetts Turnpike stretching from the New York State Line in West Stockbridge to the Southeast Expressway in Boston and the Callahan and Summer Tunnels running from Boston to East Boston under Boston Harbor. Patrol Cruisers used by Troop "E" are all station wagons capable of carrying two stretcher patients and equipped with resuscitators, pry bars, fire extinguishers and emergency first aid kits. Over 500 persons were transported to various hospitals in these vehicles in 1972.

Communications for the entire Turnpike are transmitted from Troop Headquarters at Weston and are manned on a 24 hour basis by a civilian dispatcher under the supervision of a uniformed NCO at all times.

The objective of Troop "E" is to reduce and hopefully prevent the number of fatal and serious injury accidents on the Turnpike. The ideal objective would be to prevent all accidents. As we advance in enforcement methods and administrative experience, the patrons of the Massachusetts Turnpike and the citizens of the Commonwealth would benefit from better service, safer roads and the knowledge that the Laws of the Commonwealth are being enforced in a fair and professional manner.

JAMES L. KILLORAN
Captain, Commanding Troop E
Massachusetts State Police

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section:

TROOP F, LOGAN AIRPORT

2. Commanded by:

Capt. Robert E. Herzog

2a. Assigned personnel:

53

3. Function:

General Police protection at Boston, Logan International Airport,
and Massport Properties on the Boston Waterfront
(Refer to attached brochure)

4. Pertinent Statistics:

(Refer to statical data attached)

5. Pertinent Information:

During the past year in addition to providing general police services for the properties controlled by The Massachusetts Port Authority, Troop F was given the added responsibility of providing a State Police officer at the various screening points maintained by the Domestic Air Carriers based at Logan Airport. This service, that of having an armed Law Enforcement officer present at each screening position was required by the Federal Aviation Agency to begin in February of 1973. On the required date, Tuesday Feb 6, 1973 Troop F had began its operation, as a result of Federal Litigation this date was extended nationally until Friday, Feb 16, 1973 at which time, Troop F again complied with the federal regulation which has continued to this time. Officers performing this duty are on vacation or days off and are paid on a paid detail basis.

THE RESEARCH AND DEVELOPMENT BUREAU

The Research and Development Bureau, operating under a federal grant, has been responsible for the development and implementation of various improvement projects for the Department of Public Safety.

Federal money has been funnelled through the R & D Bureau to subsidize a number of other Law Enforcement Programs. One of these has been the Minority Career Opportunities Within the Massachusetts State Police, which promoted career opportunities in the Massachusetts State Police for members of minority groups within the Commonwealth.

Other areas of concentration and design included the modernization of our communications network, vehicular and manpower deployment analysis, Bureau of Identification Modernization, and an evaluation of the "911" Emergency Telephone System to name just a few.

Multi-faceted technical assistance was offered to many other agencies, subdivisions, and educational Institutions throughout the State and the Country. Some of the assistance involved areas such as the problem of hitchhiking, laboratory expansion, criminal justice curriculum, law enforcement regionalization, and equal opportunity programs.

Ongoing projects are numerous but a partial list includes in-service training expansion, fleet leasing study, telephone re-evaluation, Uniform Crime Reporting implementation.

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973 :

1. Troop/Unit/Section: Communications Section

2. Commanded by: Lieutenant John J. Murphy

2a. Number of Assigned Personnel:
 10 State Police Officers
 12 State Police Dispatchers

3. Function:

 See attached letter.

4. Pertinent Statistics:

 See attached report - Annual 1972-73

5. Pertinent Information:

 See attached report - - Annual 1972-73

The Commonwealth of Massachusetts

Department of Public Safety

1010 Commonwealth Avenue, Boston, Mass., 02215

July 27, 1973

To: Lieutenant Colonel John R. Moriarty, Executive Officer
 From: Lieutenant John J. Murphy, Communications Officer
 Subject: Annual Report 1972-73 Communications Section

The Annual Report of the functions and activities of the Communications Section in the Division of State Police, Department of Public Safety for the fiscal year ended June 30, 1973, is hereby submitted:

RADIO SYSTEM

The Massachusetts State Police operates a frequency modulation radio system that consists of eleven (11) 300 watt main or base stations: one (1) 250 watt base station: eleven (11) 100 watt base stations: seven (7) 60 watt base stations: eleven (11) 30 watt base stations: six-hundred sixty-five (665), 30, 50 and 100 watt mobile units: Thirty-five (35) 1.4 watt portable transmitter-receivers, loud-speaking equipment consisting of three (3) audio amplifiers and loudspeakers and two (2) electric megaphones.

The 300 watt main stations are so located as to give complete coverage of the entire state and are contained in cement block buildings with adjoining towers. Because these buildings are on isolated mountain tops at Mount Greylock, Mount Holyoke, Mount Wilcox, Mount Wachusetts, Great Blue Hill, Holt's Hill and Copicut Hill, each is surrounded by a seven (7) foot chain link fence to prevent unauthorized persons from tampering with the equipment. These stations also contain a voltage regulator to govern the voltage feeding into the radio equipment and an auxiliary power plant.

Annual Report 1972-73

(2)

The power plants operate through a series of relays, start automatically the moment trouble develops on the commercial power lines feeding the radio equipment. These units are gasoline driven and have been very useful, particularly during storms. They have operated as many as eleven days without interruption of service.

One (1) 100 watt pole mounted station is located at Dug Hill, Blanford, without an emergency power unit. However, in an emergency, a portable power unit can be moved to the station and service resumed within a very short time.

In coordination with these main stations, six-hundred sixty-five (665) cruisers, eleven trucks, one bus and one Command Post and one Sno-cat, including twenty (20) vehicles attached to other state agencies, contain complete two-way radio sets owned by the State Police, consisting of a 30, 50, or 100 watt transmitter and receiver with the necessary accessories. The transmitter contains two crystals, one crystal operates on the assigned frequency of 44.90 mc. This frequency can be changed by throwing a switch, allowing the transmitter to operate on the assigned station frequency of 44.74 mc so that when it becomes necessary, direct communications can be provided between any two cruisers within an area of from five to ten miles. There are forty (40) police departments in the State that have purchased two-way mobile radios for operation on the State Police frequency 44.74 mc.

This section is the State Warning Point for Massachusetts on the National Warning System (NAWAS). In the event of a National Emergency the Massachusetts State Police would be notified immediately by this direct line. Tests of this National Warnings System are made usually three times a day, one during each tour of duty and other unannounced times. A checkerboard is conducted on a non-scheduled basis at least once a month.

Annual Report - 1972-73

(3)

The following points in Massachusetts are members of the National Warning Network:

Massachusetts Civil Defense Agency - Framingham
 Northampton State Police
 Barnstable County Sheriffs Office
 Greenfield Fire Department
 Springfield Police Department
 Haverhill Fire Department
 Logan International Airport (U. S. Weather Bureau)
 Boston Police Department
 Capitol Police (State House)
 Cambridge Fire Department
 Revere Fire Department
 Needham Police Department
 Waltham Fire Department
 New Bedford Fire Department
 Pittsfield Fire Department
 Fitchburg Fire Department
 Brockton Police Department
 Mass. National Guard
 Quincy Fire Department
 Southbridge Fire Department
 Taunton Fire Department
 Attleboro Police Department
 Fall River Fire Department
 Newburyport Police Department
 Salem Police Department
 Worcester Fire Department

An Inter-department radio network on 158.97 MHz now exists in the following departments east of Worcester:

Arlington	Gloucester	Nahant	Stoneham
Ashland	Hamilton	Needham	Swampscott
Attleboro	Hanover	Newton	Swansea
Barnstable County	Haverhill	North Andover	Topsfield
Belmont	Ipswich	North Reading	Waltham
Beverly	Lexington	Oxford	Watertown
Boston	Lynn	Peabody	Wayland
Braintree	Lynnfield	Quincy	Weston
Brookline	Malden	Randolph	Westport
Cambridge	Manchester	Reading	Westwood
Chelsea	Marblehead	Rehoboth	Weymouth
Danvers	Marlboro	Revere	Whitman
Dedham	Marshfield	Salem	Winchester
Dukes County	Medfield	Salisbury	Winthrop
Everett	Medford	Saugus	Woburn
Fall River	Melrose	Scituate	Worcester
Foxboro	Metropolitan	Seekonk	State Police Boston
Framingham	Milton	Shrewsbury	State Police Concord
			State Police Holden
			State Police Middleboro
			State Police Weston

Annual Report - 1972-73

(4)

An Inter-department radio network is now in operation at State Police Northampton. The following police departments are on this network:

Agawam	Palmer
Chicopee	Springfield
East Longmeadow	Westfield
Easthampton	West Springfield
Holyoke	Wilbraham
Longmeadow	Northampton State Police
Ludlow	Northampton

A Civil Defense radio receiver has been installed at State Police Holden on the Vermont State Police frequency of 42.86 megacycles enabling us to talk with the Vermont State Police at Rutland. Vermont has a Civil Defense receiver on our frequency. A transmit and receive and rapid microwave channel is now installed in our communications section for nuclear and other emergencies between State Police Headquarters in Vermont, New Hampshire and Mass. RADIO

TELETYPEWRITER SYSTEM

Up until May 12, 1970, the Massachusetts Police Teletypewriter Network operated at seventy-five words per minute.

As of May 12, 1970, the Massachusetts Law Enforcement Agencies Processing System (LEAPS) represents the application of today's technology to today's law enforcement problems. The LEAPS computer and its associated network represent a law enforcement tool which can be used to assist the entire law enforcement community on a statewide and nationwide basis.

The LEAPS system is being expanded and improved to keep pace with the problems facing the law enforcement community. Improvement will take place by the addition of new files, new applications and updating of existing files. Expansion will result from the addition of new communications system.

The LEAPS system will provide many benefits to its users. The benefits gained by the system will depend on law enforcement officers constant use of the system.

General Description

The LEAPS system is a high-speed computer communications system providing its users with easy, rapid access to large volumes of information pertaining to crime prevention. Access to this information is provided by a statewide communications network. The network places the LEAPS system at the disposal of any Law Enforcement Agency in the Commonwealth.

In addition to on-line and off-line data in the computer system, LEAPS also provides a communications link between departments in the communications network.

The major components of the LEAPS system and their functions within the system are explained below.

A. The Computer

The computer has two major jobs: Message switching and data handling. In its message switching role, the computer acts as a traffic director: storing incoming messages for system action, directing out-going messages to their proper destination (s), and in the case of inter-station communications, providing paths between the sending station and the receiving station (s). In its data handling role, the computer provides access to the storage medium containing all the data within the system. Access to the storage medium is necessary for queries on files, additions to files, modification of files and deletions from files. The computer has no means of creating information, any and all information in the system must be provided by users of LEAPS. Therefore, without the participation of all law enforcement agencies in the system, the LEAPS system cannot accomplish the job it was designed to perform and its overall effectiveness will be reduced.

B. Storage Medium

All data entered into the system is contained in the storage medium which can be thought of as a large group of filing cabinets which the computer can access. The major files contained in the storage medium are: Warrants, Missing Persons, Stolen Vehicles, Stolen Plates, Firearms, Articles, Securities, and a Master Name Index.

The storage medium will be empty unless information is supplied by LEAPS USERS.

Annual Report 1972-73

(6)

C. Data Communications Station:

LEAPS uses the Model 28 Automatic Send Receive (ASR) teletypewriter for a data communications station. The Model 28 ASR teletypewriter (station) provides each member of the LEAPS system with the means of communicating with the computer. Information sent to and from the station travels through telephone lines. These telephone lines are reserved for exclusive use by the LEAPS system.

NATIONAL LAW ENFORCEMENT TELETYPE SYSTEM

The interstate system is a National System known as National Law Enforcement Teletype System (NLETS). All machines on this system operate at 100 words per minute. We have direct connections via an automatic switching center in Phoenix, Arizona, to every state except Alaska and Hawaii. This system uses call directing codes which direct the message to their destinations.

The system is broken down into eight lines as follows:

LINE A

Connecticut, Hartford
Maine, Augusta
Massachusetts, Boston
New Hampshire, Concord
New York, Albany
Rhode Island, Providence
Vermont, Montpelier

LINE B

Delaware, Dover
New Jersey, Trenton
New York City
Pennsylvania, Harrisburg

LINE C

Maryland, Pikesville
North Carolina, Raleigh
Ohio, Columbus
South Carolina, Columbia
Virginia, Richmond
Washington, D. C.
West Virginia, Charleston

LINE D

Alabama, Montgomery
Arkansas, Little Rock
Florida, Tallahassee
Georgia, Atlanta
Louisiana, Baton Rouge
Mississippi, Jackson
Tennessee, Nashville

Annual Report - 1972-73

OTHER MASS AND FEDERAL AGENCIES & DEPTS.

Metropolitan Dist Commission
 Mass. Registry of Motor Vehicles
 Mass. State Bureau of Identification
 Mass. Board of Probation
 Mass. Dept. of Public Works
 Firearms Records Section
 Attorney General Office
 Federal Bureau of Invest.
 Bureau of Narcotics & Dangerous Drugs
 State Police Maine
 State Police Rhode Island

With the end of the fiscal year June 30, 1973, the LEAPS computer system contained the following:

Stolen Vehicles	22817
Stolen Plates	14864
Wanted Autos	39
Boats-Skimobiles	69
Misdemeanor Warrants	8851
Felony Warrants	4724
Missing persons	2385
Driver License Records	32509
Stolen Firearms	1795
Stolen Securities	267
Stolen Articles	4696

During the year many inquiries are generated for a check into the LEAPS computer storage resulting in numerous "hits" and apprehensions.

The files are constantly searched in tying together the vast bulk of information passing over the network, ultimately assisting each LEAPS user.

Annual Report - 1972-73

(9)

NATIONAL CRIME INFORMATION CENTER

On April 2, 1969, The State of Massachusetts officially, entered the National Crime Information Center, (NCIC). It is a system of computerized index data which has been established in the Department of Justice, F.B.I., Washington, D. C. This system has been made available to all law enforcement officers in the state.

The Massachusetts terminal of the National Crime Information Center is administered and supervised by the Massachusetts State Police at its Communications Section, Boston, Mass. This terminal is operational on a twenty-four (24) hour basis to serve all law enforcement agencies in the State.

The terminal is "on line" with NCIC by means of a Western Union 35 ASK machine at State Police, Headquarters, Boston, to the IBM computer at the Federal Bureau of Investigation, Washington, D. C.

Entries are made routinely on the basis of messages entered into the Massachusetts Teletype System (LEAPS), and are automatically forwarded to NCIC.

Inquiries regarding persons under investigation, vehicles, securities, guns, license (registration) plates or identifiable property may be made,

Its objective is to improve the effectiveness of law enforcement through the more efficient handling and exchange of documented police information.

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973 :

1. Troop/Unit/Section:
Criminal Information Bureau
2. Commanded by:
Captain William F. Gross
- 2a. Number of Assigned Personnel:
53 State Police Officers
3 Civilian personnel
3. Function:
To collect by investigation and receipt from other law enforcement agencies information concerning organized illegal gambling, and other illegal activities described as rackets including information as to identity and doings of persons who engage in, promote, operate or participate in such activities. In the Criminal Information Bureau is a Narcotics Section. The Bureau serves as a clearing house of intelligence for all law enforcement agencies within and outside the Commonwealth.
4. Pertinent Statistics:
482 Investigations conducted throughout the Commonwealth
1194 Arrests - By Narcotics Section
61 Crimes other than narcotics - arrests
363 Corporate and background checks made
23 Re-installations of telephones approved after investigation
447 Requests for information handled from all sources
75,000 Pamphlets distributed 1,847 Notifications (Chap. 771 Acts 1955)
5. Pertinent Information:
In compliance with Chapter 347 of the Acts of 1958 concerning the reinstallation of telephones used in connection with gaming, the Bureau handled 211 notices of telephones removed for gaming activity and sent 347 notifications of gaming convictions to telephone companies doing business in the Commonwealth. Bureau personnel delivered lectures on the activities of the Criminal Information Bureau and Narcotics and Harmful Drugs before various police groups, the State Police Trainees and Local Police Training Classes at the State Police Academy. In addition, Bureau officers delivered lectures to 35 educational, professional, medical, civic religious, and youth groups in all sections of the Commonwealth. Two circular letters were sent to all Chiefs of Police and other law enforcement agencies containing information concerning current criminal practices and suspects involved in various fields of crime.
During the fiscal year Courts of the Commonwealth reported cases of gaming, Narcotic and harmful drug, and pornograph violations, as well as breaking and entering and assault and battery cases in compliance with Chapter 365 of the Acts of 1956.

The Commanding Officer of the Criminal Information Bureau has been designated as the Criminal Intelligence Officer for the Massachusetts State Police to work in conjunction with the New England State Police Administrator's Conference to gather information on known rackets and racketeers and disseminate this information to, and receive like information from, other members of this organization. This organization operates under Chapter 498 of the Acts of 1967. Meetings have been held relative to the effective implementation of the statute. In addition to these many meetings were attended at the following law enforcement agencies: Armed Forces Police Disciplinary Board, the Governor's Committee on Law Enforcement, N.E.S.P.A.C., L.E.I.U. the Governor's Committee on Drug Abuse, the Archbishop's AD HOC Committee on Drugs. The Bureau Commander is also President of the newly formed Massachusetts Narcotic Enforcement Officers Association and was required to attend meetings of this organization during the year.

In July 1972 extensive raids were conducted in Lynn and Framingham and large quantities of drugs including LSD valued at approximately \$30,000 were confiscated. In August 1972 raids were conducted in Quincy, Braintree, Weymouth, Halifax, Hanover and Hull resulting in the arrest of several persons and the confiscation of large quantities of narcotics. Also during August officers of this bureau in company with U. S. Customs agents, and New Hampshire State Police officers made arrests and confiscated about \$500,000 worth of heroin in Nashua, New Hampshire. In January 1973 as a result of investigation by officers of this bureau raids were conducted in Winthrop, Fall River, New Bedford and Framingham and a considerable quantity of heroin was seized having a value of about \$225,280. In the same month a large amount of marijuana valued at \$32,000, was seized in Boston after a raid with the assistance of the Boston Police. In May 1973 officer of CIB assisted in an arrest on the Massachusetts Turnpike and seized 1,000,000 pills (Phendimetrazine) valued at over \$500,000.

The Bureau continues to serve as a Bureau of Narcotics Intelligence in compliance with an agreement made on December 15, 1967, between the Massachusetts Chiefs of Police Association and the Attorney General of the Commonwealth. The purpose of such a Bureau is to give assistance to local police departments in the investigation of narcotic complaints, disseminate intelligence concerning narcotic and harmful drug offenders in the Commonwealth and to act as liaison with Federal agencies for Massachusetts in this field. To implement this the Bureau sends notifications to the Chiefs of Police on a regular basis concerning their residents arrested in other jurisdictions and periodic bulletins containing photographs of convicted offenders of the narcotic and harmful drug laws are sent to all law enforcement agencies.

FEDERAL PROGRAMS

The beginning of the fiscal year 1972 - 1973, brought about a new type of policing on the highways of the Commonwealth, called "Team - Policing". As a result of a federal grant obtained from the Governors Highway Safety Bureau, the concept of using selective enforcement techniques, and a modified system of saturation patrols, was put into operation in Troops A & D during the summer months. The approximate amount spent for this program was \$30,000.

Four major state highways were selected for the operational phase of this project. The highways to be patrolled were: Route 3, from Quincy to Bourne, Route 6, from Wareham to Yarmouth, Route 128, from Newton to Canton, and Route 495, from Chelmsford to Amesbury.

These four highways were picked, because of the tremendous amount of traffic and serious accidents on them during the vacation period. By using statistics provided by the Department of Public Works, the State Police were able to put teams out in these areas during the shifts when most of the fatal and serious personal injury accidents were occurring. Troopers patrolled these highways in marked cruisers, and were instructed that the visibility factor was to be used as a deterrent to the potential violator and at the same time keeping the motorist more alert while operating on these highways.

The project was in operation from June 30 until September 4, 1972. A comparison of the accident experience for the years 1970 and 1971 on comparable weekends shows the following:

ROUTE 3 MILTON TO BOURNE

1970	1971	1972 (FAST TEAM)
1 Fatal	1 Fatal	0 Fatal
36 Personal Injury	27 Personal Injury	1 Personal Injury
23 Property damage	44 Property damage	6 Property damage

17 Property damage	30 Property damage	13 Property damage

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

1. Photography and Fingerprint Section

2. Lieutenant Kevin J. Gaffney

2a. Number of Assigned Personnel: 21

3. Function:

The function of the Massachusetts State Police Photography and Fingerprint Section is to provide comprehensive criminalistic support for the Department of Public Safety, on an around-the-clock-basis. We also provide other State agencies (DPW, RMV, Capitol Police etc.), some federal agencies (U.S. Customs, Secret Service, NATB, ONI), and any other county, city or municipal entity, appropriate technical or criminalistics assistance.

This Section spans the gamut of photographic capability (i.e. total black & white and limited color photography, audio-visual reproduction, graphic arts, aerial photography, surveillance and crime scene photography etc.)

Another primary mission of this Section is fingerprinting, along with other dactyl related functions (i.e. post mortem identification, print classification, latent fingerprint retrieval and development etc.).

4. Pertinent Statistics: (Refer to Annual Report)

5. Pertinent Information:

During the past fiscal year the Photography and

Fingerprint Section has been confronted with a variety of situations that proved to be either beneficial, productive, or sometimes downright frustrating.

Commencing during the summer of fiscal 72-73, the GHQ Section underwent a physical transformation. The lab facility on the third floor was vacated, and a new facility on the fourth floor was constructed. Needless to say, this move created a myriad of logistic and technical difficulties. But, with a lot of patience, and a dedicated effort on the part of all Section personnel, Unit efficiency was maintained during this transition.

Another physical change of note, during fiscal 72-73, was the termination of lab operations at State Police Pittsfield and State Police South Yarmouth. This restructuring tactic, unfortunately, precipitated in an overall reduction in the Section's complement, from 25 men to 21 men - a net loss of 4 skilled technicians.

On the positive side of the ledger, this past year was punctuated by a score of photographic and dactyloscopy achievements.

On 10-1-72 a badly decomposed body was unearthed in the Town of Boxford. Visual identification prove fruitless. But, a skilled technician, assigned to this Section, was able to remove and partially reconstruct a portion of decayed skin from the finger of the deceased. A legible fingerprint was thus obtained and matched with a record print of Joseph P. Folino, son-in-law of reputed Mafia kingpin, Gerry Anguillo.

Another fingerprint related accomplishment took

place on 12-20-72, in Cambridge. Two men, after drinking beer in the bar of the Holiday Inn, shot and killed the bartender before fleeing with the nightly cash receipts. A Section Technician was assigned to the case, and after reconstructing the events that led to the tragedy, rationalized that latent fingerprints might be found on the beer bottles from which the suspects drank. Two dozen beer bottles were retrieved from a trash receptacle and processed for latent fingerprints. Many latent prints were uncovered, lifted and compared with the record prints of many possible suspects. The technician's effort was rewarded by the identification and apprehension of one of the suspects.

The expertise of our fingerprint technicians was clearly demonstrated when the District Attorney of Worcester County requested the assistance of the State Police Fingerprint Section in uncovering a plot, by an officer of a local police department, to present adulterated fingerprint evidence before the Worcester Superior Court. As the result of this case, all fingerprint evidence from local police departments must first be scrutinized by State Police technicians before submittal to the courts of Worcester County.

There were also some photographic achievements of note during fiscal 72-73. During this past year all Section technicians have been required to undergo intensive training in the art of color photography, since many counties are now demanding a color capability from officers of this Section. As an off-shoot of this color proficiency, Worcester Court has accepted color photography into evidence - a first for that

County.

Another photographic first for the Section was Norfolk Superior Court's acceptance of photographs of matching tire impressions. Not that tire impressions are unique, but in this case a photographic comparison was made by matching tread marks in soft snow with a photo of a tire on a suspect vehicle. The technician's accepted testimony helped secure a conviction for second degree murder.

Not all cases or assignments are worthy of particular mention, but, during this past year a few unique situations required the expertise of this Section. Since the opening of Shaeffer Stadium in Foxboro, many man-hours have been spent in the pictorial representation of conditions, in, around, and over, this facility. Aerial photography, videotape photography and crowd surveillance photography have all helped in the prevention and alleviation of problems at the Foxboro complex.

Another situation that required a dedicated effort on the part of Bureau personnel was the tumultuous conditions that existed at many of the State's correctional institutions. Many hours were spent documenting constantly-changing prison developments.

As far as our future role in the Department, action must be initiated to solidify our present tenuous position. If this unit is to adequately fulfill its function in the years to come, steps must be taken in the areas of equipment modification and upgrading; personnel selection, qualification and retention and periodic re-training in the ever-changing

criminalistics field. Two of these goals seem to be within reach. The CSSTP, if utilized to our advantage, could be the vehicle through which re-training might be initiated. Also, with the advent of substantial federal funding, within the law enforcement community, equipment procurement should be less of a problem in the future.

If this Unit is to continue to be the workhorse of the Department in providing a comprehensive capability, then positive, future-oriented policies should be formulated.

MASSACHUSETTS STATE POLICE

PHOTOGRAPHY AND FINGERPRINT SECTION

LABORATORIES: GHQ, BOSTON: SUB LABORATORIES - TOPSFIELD
NORTHAMPTON, HOLDEN, MIDDLEBORO

During the fiscal year ending June 30, 1973, the following photographic activities were performed by the Photography and Fingerprint Section for the Massachusetts State Police, and other branches of the Department of Public Safety, local, state and federal law enforcement agencies and other departments of the Commonwealth.

<u>ACTIVITY</u>	<u>NUMBER</u>	<u>PRINTS</u>	<u>ADDITIONAL PRINTS</u>	<u>TOTAL PRINTS</u>
Criminal Cases	3,291	24,142	1,674	25,816
Departmental Assignments	44	899		899
Photos for copy	2,062	5,488		5,488
Individuals Photographed	71	284		<u>284</u>
				32,487

The following fingerprinting activities were performed:

Individuals Fingerprinted	247
Fingerprint Identifications:	
Criminal	70
Non/Criminal	65
Prisoners and Suspects Fingerprinted	407
Deceased Persons Fingerprinted	<u>109</u>
Total	898

During the fiscal year, 722 hours were consumed in court appearances, inquests, and hearings by Section personnel in rendering expert testimony required of them as skilled technicians in the sciences of Photography and Fingerprinting.

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973 :

1. Troop/Unit/Section: SPECIAL SERVICE UNIT
2. Commanded by: Lt. Henry W. Bienkowski
- 2a. Number of Assigned Personnel: 20 (6 of whom are assigned to the Task Force, DA's, AG's and NEOCIS)
3. Function: The principle function of SSU is the investigation & prosecution of illegal gaming, liquor violations, pornography, prostitution as well as various phases of organized crime. In the past few years several arrests have been made in "Flim-Flam" cases. This Unit is also responsible for the recovery of stolen motor vehicles and arrest of the parties involved.
4. Pertinent Statistics: See attached

5. Pertinent Information:

Many hours are spent by the officers of SSU in District and Superior Courts in the prosecution and trial of all cases handled by this Bureau, as well as being called on to testify in courts as experts in gaming. During the year they have also aided local and Federal investigative agencies re service of warrants. "Flim Flam" cases have been on the increase and this Unit has successfully prosecuted many cases. This year the Unit was called on by the AG's office to assist in a wire tap invest that resulted in 28 arrests. At times the officers are called on to give lectures on gaming etc.

The officers have been represented at MCI Walpole on different occasions when there have been disturbances.

The officers of SSU hope to continue their high level of performance re investigations and arrests of the fore-mentioned types of crime.

SPECIAL SERVICE UNIT: Annual Report 1972 - 1973

Total Number of Complaints 114

Gaming	84
Criminal	20
Prostitution	6
Pornography	3
Liquor Violation	1

Total Number of Arrests 340

(see attached chart)

Stolen Cars Recovered 96

Approx. value of cars recovered \$228,350.00

Monies Seized in Gaming Raids \$104,300.19

Total Monies Forfeited (order of court) \$ 8,527.27

Total of Fines \$ 75,335.00

Total Jail Sentences Imposed 52

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section:

STATE POLICE ACADEMY

2. Commanded by:

Captain Edward F. Kelly

2a. Assigned personnel:

33

3. Function:

1. Responsible for the instruction of the Recruits in the prescribed courses.
2. Responsible for the training of Municipal Police Officers in the courses prescribed by the Municipal Police Training Council.
3. Preparation of the courses of instruction for the In-Service Training of State Police Officers.
4. Assist Municipal Police on Training Programs.

4. Pertinent Statistics:

See attached sheets,

5. Pertinent Information:

See attached sheet.

STATE POLICE ACADEMY

During the fiscal period July 1, 1972 through June 30, 1973, 1176 Police Officers received training at the Academy as listed:

1 Week Course	656
2 Week Course	301
4 Week Course	95
10 Week Course	90
17 Week Course	34

These courses are further defined under Paragraph #4.

As in any skilled occupation, training must be a continuing process to maintain effective performance in law enforcement. Changes in the laws, in technology, and in the needs of the community make periodic retraining of all personnel essential. Old skills need sharpening with new knowledge and new techniques; specialized knowledge and skills must be taught for certain assignments or for promotion to higher responsibilities.

It is my goal to have every member of the Uniformed Branch attend a one (1) week in-service training program during the next year.

Additionally, but of no less importance, all potential first-line supervisors would attend a pre-promotional training program to better acquaint them with the duties and responsibilities of the position to which they aspire.

Hopefully, a program could be developed for newly commissioned officers. This program would include, but not be limited to, instruction in the areas of organizational behavior, human relations and modern top level management techniques.

Supervisory training for municipal police officers is practically non-existent in the Commonwealth. Testimony of this fact are the numerous inquiries we receive in the area from local police chiefs. I would give serious consideration to expanding our supervisory and management courses to include municipal police officers.

4.

The State Police Recruit Training Troop Class was conducted as listed below:

<u>Date</u>	<u>Training Courses</u>	<u>Personnel</u>
3-5-73	57th Recruit Training Troop (17 weeks)	34 Troopers Graduated 6-30-73

Municipal Police Officers Classes conducted as listed below:

<u>Date</u>	<u>Classes</u>	<u>Personnel</u>
7-10-72	53rd M.P.O.C.	43 Officers Graduated 9-1-72
9-5-72	54th M.P.O.C.	47 Officers Graduated 11-10-72

State Police In-Service Training Classes were conducted as listed below:

<u>Date</u>	<u>In-Service Classes</u>	<u>Personnel</u>
11-20-72	Class #1	30
11-28-72	Class #2	30
12-5-72	Class #3	30

STATE POLICE FISCAL SECTION
1010 Commonwealth Avenue
Boston, Massachusetts 02215

August 2, 1973

To: Lieutenant Colonel John R. Moriarty, Executive Officer
From: Captain Raymond W. Kret, Fiscal Officer
Subject: Annual Report - Fiscal 1973

1. Submitted herewith is the 1973 annual report of the State Police Fiscal Section covering the fiscal year July 1, 1972 to June 30, 1973.

2. Appropriations for the Division of State Police and Detective Bureau was \$14,595,785.00.

3. The following is an analysis of the State Police appropriation:

SUB	ACCOUNT	APPROPRIATED	EXPENDED	REVERTED
-01	Salaries-Permanent	11,372,316.00	11,308,277.65	.00
-02	Salaries-Temporary	643,251.00	160,454.15	196.42
-03	Services Non-Employees	21,075.00	14,818.85	72.90
-04	Food & Maintenance	79,000.00	74,854.37	.00
-05	Clothing	150,000.00	103,044.76	.00
-06	Housekeeping Expense	20,000.00	15,885.99	.00
-07	Laboratory, Medical & Surgical Supplies	2,400.00	1,990.27	.00
-08	Heat & other Plant Operations	111,500.00	100,302.73	.00
-09	Farm & Grounds	2,523.00	2,355.36	.00
-10	Travel & Automotive Expense	518,500.00	393,249.12	.00
-11	Advertising & Printing	2,250.00	2,134.34	.00
-12	Repairs, Alterations & Additions	272,249.00	222,715.62	.00
-13	Special Supplies & Expenses	104,500.00	85,233.60	.00
-14	Telephone & Teletype	385,868.00	333,620.92	.52
-15	Equipment	459,263.00	306,237.05	.00
-16	Rentals	444,090.00	400,901.97	.00
-20	Non-Contributory Pension	7,000.00	4,284.00	2,716.00
TOTALS		14,595,785.00	13,530,360.75	2,985.84

4. Listed below are some of the major maintenance projects carried out from 1973 Fiscal Year Funds:

General Headquarters	Computer Air Cond. Maint.	2,571.00
S.P. N. Dartmouth	Exterior Painting	1,851.00
S.P. Monson	Roof Repairs	4,284.00
S.P. Monson	Tile Repairs	1,279.00
S.P. Shelburne Falls	Exterior Painting	1,725.00
S.P. Topsfield	Exterior Painting	1,100.00
S.P. Concord	Generator Repairs	300.00
S.P. Foxboro	Curbing & Rail Repairs	150.00
S.P. Middleboro	Power Dist. Panel Repairs	524.92
S.P. Academy	Chinning Bar	350.00
GHQ Garage	Floor Drain Repairs	260.00
S.P. Middleboro	Install Radio Antennas	185.00
S.P. Holden	Install Photo Wash Machine	105.00
S.P. Holden	Oil Burner Repairs	670.00
S.P. Norwell	Install Radio Tower	1,210.00
S.P. Foxboro	Install Elec. Door Openers	670.00
S.P. Framingham	Boiler Repairs	131.00
S.P. Andover	Install Heaters in Garage	980.00
S.P. Concord	Install Oil Burner	490.00
Mt. Holyoke	Check Antenna	138.88
Mt. Holyoke	Replace Antenna	363.00
S.P. Grafton	Boiler Repairs	680.00
S.P. Concord	Replace Sump Pump	210.00
S.P. Bourne	Boiler Repairs	400.00
Supply Depot	Security Fencing	431.80
S.P. Lynnfield	Gasoline Tank	995.00

5. During Fiscal 1973, \$4,516.84 was expended for miscellaneous equipment for various stations and General Headquarters. Items purchased are listed below:

- 2 Gasoline Pumps
- 1 Monitor Scanner
- 1 Hydraulic Crane
- 7 Typing Stands
- 700 Decals for Cruisers
- 36 Fire Extinguisher Replacements
- 1 Vacuum Cleaner
- 8 Keystation Desks
- 1 Air Compressor

6. Funds from subsidiary -13 were expended for the following:

188,000	Rds. .38 Cal. Wad-cutters	7,896.00
144	Short clubs	241.92
30	Handcuffs	283.20
87	Holsters	312.90
6,500	Rds. .223 Ammo	1,153.55
3,000	Rds. .30-06 Ammo	563.19
9,500	Rds. .30-30 Ammo	1,364.99
50	Gas Masks	1,360.00
200,000	Rds. .38 Cal. Wad-cutters	6,600.00
1,000	Targets	90.00
50	Riot Helmets	1,299.50
12	Riot Shields	419.40
1,200	Breathalyzer Test Kits	840.00
40,000	Rds. .38 Calib. Wad-cutters	1,320.00
6	Machine Guns	599.40
168	Traffic Belts	529.20

7. During Fiscal Year 1973, \$413,212.17 was expended for the purchase of 148 motor vehicles to replace State Police vehicles. These purchases were comprised of the following units:

- 132 Ford 4-door sedans
- 1 Dodge Van-type truck
- 4 Ford Ranch Wagons
- 1 Plymouth 4-door sedan
- 7 Ford Mavericks
- 3 Chevrolet pick-up trucks

8. A total of \$34,896.82 was expended to repair cruisers involved in accidents. This amount does not include the net loss to the Department to replace cruisers that were damaged beyond economical repair and were turned in on new cars. Some of the costlier repairs due to cruiser accidents were as follows:

<u>CRU.#</u>	<u>AMOUNT</u>	<u>CRU.#</u>	<u>AMOUNT</u>
852	804.95	684	1,196.65
533	300.50	742	739.65
220	408.85	469	402.25
237	826.24	404	305.00
429	426.41	483	925.70

<u>CRU.#</u>	<u>AMOUNT</u>	<u>CRU.#</u>	<u>AMOUNT</u>
648	307.30	51	389.47
815	337.22	599	349.65
856	1,070.80	141	344.75
405	781.00	95	346.35
234	735.39	310	370.52
817	520.45	674	310.00
470	502.60	305	472.85
75	569.04	138	394.94
628	998.85	486	494.35
165	575.00	599	402.00
872	796.90	27	381.55
268	323.84	313	536.64
177	342.76	847	329.10
859	420.08	69	838.84
456	318.57	425	322.91

9. Stock items on hand at the Supply Depot at the start of the 1973 fiscal year represented an investment of \$150,440.25.

Purchase of stock items made during the 1973 fiscal year.	154,465.41
Items of material and supplies used during fiscal year 1973.	181,690.92
Adjustment of requisitions amounted to	4,160.22
Stock items on order but not recieved as of June 30, 1973.	49,460.10
Value of stock at the Supply Depot and on order as of June 30, 1973.	168,514.62

10. During the 1973 fiscal year the Division of State Police derived income from sources listed below. The income was turned over to the General Fund:

Reimb. for Services, Police Duty	9,096.07
Reimb. for Services, Instruction	19,350.00
Reimb. for Services, Meals	9,520.50
Rents, Other (Commissions)	563.03
Sale of Confiscated Weapons	125.00
Sale of Salvage	315.80
Sale of State Property	187.00
Sale of Used Tires & Tubes	2,636.70
Misc. Damages to State Autos	15,785.14
Cost of Replacing Equipment	9,291.48
Misc. Other	3,233.62
Ref./a/c Previous Years - Misc. Income	3,057.59

Total 73,162.02

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973 :

1. Troop/Unit/Section: Public Relations Section
2. Commanded by: Lieutenant Edward R. MacCormack
- 2a. Number of Assigned Personnel: 2
3. Function: The primary function of Public Relations personnel is the process of familiarizing the citizens of the Commonwealth with the policies, services, and actions of the Department of Public Safety and the interpretation of these policies, services and actions to assure complete understanding and appreciation.
4. Pertinent Statistics: Not Applicable

5. Pertinent Information:

During Fiscal 1973 the Public Relations Section administered the Speakers Program which continued to provide an important communications service. There was an appreciable reduction in the number of presentations because of a shortage in overtime funds. These presentations were offered to service groups, schools, and other various organizations. The value of this face-to-face communications cannot be overestimated, as it provides a solid base of support for the enforcement programs of the department.

Section personnel served as program coordinators at a number of official functions during Fiscal 1973. Included were the Annual Memorial Service, the graduation exercises of the 57th. Training Troop and Municipal Training Classes, and promotional ceremonies. This responsibility included the design and make-up of invitations and programs.

Section personnel were involved in daily operating responsibilities related to the office of the Commissioner and the Executive Office. This responsibility encompassed preparing special technical assistance, speeches, and writing official correspondence.

Department of Public Safety

1010 Commonwealth Avenue,
Boston, Mass. 02215

August 15, 1973

To: Commissioner John F. Kehoe, Jr. (thru channels)
From: Lt. Carl M. Majeskey #80, Firearms Identification

Subject: Form ADM-72

A. The following data is being submitted in accordance with your latter of 6-26-73:

1. Section. This section is known as the Firearms Identification Section.

2. Commanded by Lt. Carl M. Majeskey #80.

2a. Assigned personnel - Five (5).

3. Function - The Firearms Identification Section is under the Bureau of Technical Services. Our jurisdiction is the entire state with the exception of Boston. Boston Police Department has their own Ballistics Unit with a compliment of 7 men. We investigate all incidents involving firearms or their related objects, assist in scene searches, examine the evidence & report on our findings. We are a clearing house on firearms used in crimes & maintain an Unidentified Ammunition File that just within the past 5 weeks has resulted in identifying:

- a. three (3) bank hold-ups with a particular rifle.
- b. one (1) drug store hold-up murder with a pistol recovered from another crime.

We have testified in the various courts through-out the Commonwealth & sometimes have to testify in other states. Our cases are varied and run from malicious destruction, game violations to armed robberies and homicide. Cartridge boxes, bandoleers, pieces of guns, fragments of projectiles, photographs of bank hold-ups, holsters & cartridge clips are just some of the items that are submitted for identification.

We also receive the confiscated weapons from all of the courts. Many of these weapons have never been checked & it is our function to check these weapons with outstanding cases and the sales & stolen records. The courts are also notified of the receipt of these confiscations with a written notice. We periodically destroy the excess weapons and maintain the unusual ones for display & reference.

4. Pertinent Statistics -- refer to annual report.
5. Pertinent Information -- We are in dire need of a larger facility. We could also need clerical help as he would expedite matters by typing & filing reports, and writing & calling factories & dealers for records data. I will be eligible for retirement this time next year & it is advisable to start another man in this Section.

 From: Lieutenant Sidney J. Scarth, Selective Enforcement

Subject: Annual Report - Civil Defense Officer

1. The Police Service Officer for the Civil Defense Agency is a staff member of the Massachusetts Civil Defense Agency. He is responsible for police services and keeping the Commissioner of Public Safety and the Director of Civil Defense informed of the police situation in the Commonwealth relating to Civil Defense.
2. During the fiscal year, 1972-1973, the Police Service Officer assigned to the Civil Defense Agency participated in numerous exercises by the Agency. Operation LABMATE 1, a combined Massachusetts National Guard-Civil Defense Agency exercise, was conducted during the first quarter of the year. Daily briefings were held by all participants prior to the actual Exercise on January 13, 1973. This officer participated in both the Exercise and the Critique session held later in the month.
3. The second quarter of the year was devoted to meetings relative to EHTR-Emergency Highway Traffic Regulations. Other agencies represented were M.C.D.A., D.P.W., and U. Mass. Training Teams. On April 24, 25, 26, and 27 the exercise EHTR-Emergency Highway Traffic Regulations was held at D.P.W. Headquarters in Boston.
4. The third quarter was devoted to a series of staff meetings regarding Emergency Medical Service in this state which is the subject of pending legislation.
5. The final quarter consisted of coordinating meetings with Mr. Anthony Zizza, training director for M.C.D.A., which culminated in a three-day training course for Auxiliary Police Officers at C.D. Topsfield.

17 July 1973

TO: Commissioner John F. Kehoe, Jr. (thru channels)
 FROM: Captain Stanley W. Wisnioski, Jr., Personnel Officer
 SUBJECT: Annual Report Information

1. The following information is submitted in response to your letter of 19 June 1973, received on 13 July 1973 requesting information for the Annual Report.
2. This Section is known as the Uniformed Branch Personnel Records Section, operating under the supervision of the Commander, Bureau of Administrative Services. We are located at the General Headquarters, Framingham Building.
3. Captain Stanley W. Wisnioski, Jr. is the Commanding Officer, designated as the Personnel and Recruiting Officer.
4. There are five (5) Uniformed Branch and two (2) civilian clerks assigned to this Section.
5. The Personnel Records Section is responsible for maintaining the individual personnel folders of all past and current members (1921 - present). The dissemination of information, and correspondence related to Recruiting; the establishment of criteria and the testing of applicants; the maintenance of the State Police Blood Bank Program; all promotional examinations held for the Uniformed Branch; screening and maintaining all Performance Evaluation records for Uniformed Branch members; correspondence and telephone inquiries regarding employment and credit checks; seeking possible employment opportunities for retiring or retired members; maintaining a status board showing the location and rank of each Uniformed Branch member; screening, processing, disseminating and filing the Weekly Activity Schedules, including overtime hours for all members; lecture and speaking assignments at High Schools; Colleges and Police Academies; Recorder on Board of Claims; Liaison Officer with the Massachusetts Army National Guard; paid detail programs for General Headquarters personnel; administer the Career Incentive Program; responsible for maintaining the daily attendance, sick leave and vacation cards on all Uniformed Branch personnel.

REC'D JUL 24 1973

6. The Uniformed Branch Personnel Records Section has during the Fiscal Year 1 July 1972 through 30 June 1973 accomplished the following:

A. General Correspondence	1300 letters
B. Recruit Information/Brochures	1400
C. Letters seeking employment opportunities sent out	2400
D. Post cards mailed notifying prospective applicants	6300
E. General filing into Personnel folders	10000
F. Posting of Special Orders	200
G. Conducted five (5) Promotional exams involving 475 men	
H. Screened Performance Evaluation Forms	2500
I. Weekly Activity Forms screened and filed	46,800
J. Job Bulletins, Bi-Monthly	25
K. Surveys answered	24
L. Credit and employment verification	250
M. Daily pick-up and distribution of Mail	15,600 pieces
N. Personnel Memorandum to the Troops	5
O. Blood Bank form letters to individuals	50
P. Blood Bank location announcements	50
Q. Pints of Blood donated to the State Police Bank	130
R. Pints of Blood used for members	96
S. Correspondence for dissemination of Blood to members	30
T. Distributed WAS forms	1200 pads

7. The foregoing paragraphs (5 & 6) spell out the work accomplished by this Section during fiscal 72-73.

For the future, in order for the Uniformed Branch Personnel Records Section to truly administer to the needs and requirements there should be several changes and additions made, i.e., the Uniformed Branch payroll should be handled by this Section with the necessary civilian personnel added. There is no need for five (5) Uniformed Branch members to be assigned to the Personnel Section. Three (3) of these men could be replaced by civilian clerks. The Section head and assistant should be Uniformed Branch members to insure coordination and interest.

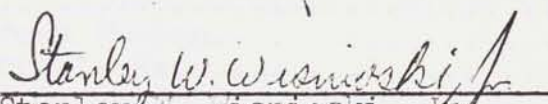

There presently exists a need for the micro-filming of all the "old" personnel records, that is those files which go back to 1921. They number some twelve (12), four-drawer file cabinets (a request for a Federal Grant and/or a budget item has been made). Our current Personnel folders should also be up-dated and kept current by placing in microfilm jackets.

The Fiscal Section could be merged with this Section and only one Captain would then be required for both Sections.

There are many occasions when a large staff is required in this Section, i.e., Promotional examinations Recruit examination, Career Incentive Program, by joining the Fiscal with Personnel Section perhaps a more efficient operation could be afforded the Uniformed Branch.

There is a need for a Teletype machine to be installed in this Section for the great number of administrative messages such as troop transfers, requests for information from the files, etc.

A new "walk-in", scheduled monthly Recruit examination (as approved by the Commissioner) will greatly facilitate our recruit efforts for the future. This will allow us to conduct a controlled number of applicants on a monthly basis to report to the Academy for a qualifying written entrance examination conducted by a member of this Section; and establish a list of qualified applicants.

2a. Assigned personnel: 99 members

3. Function:

Performs the duties incidental to the work assigned by the Commissioner of Public Safety relative to the investigation of crimes, the detection and arrest of criminals, the gathering of evidence, assists the Attorney General and the District Attorneys of the Commonwealth in the performance of their respective duties, and performs other duties as may be prescribed by the Commissioner, generally supervise the investigation of applicants for various licenses, including Private Detective licenses, Watch, Guard and Patrol licenses, etc.

4. Pertinent Statistics:

Total Number of Investigations:	2290
Total Number of Arrests:	1314

Also see attached data.

5. Highlights of the Section during the past year:

During the past year the State Police Detective Bureau investigated a greater number of cases and arrested more violators than ever before in its history. Comparing this past year with three previous Fiscal years, the activity reflects the following statistics:

S.P. Detective Bureau

- 2 -

Annual Report Information

	<u>FY</u> <u>1970</u>	<u>FY</u> <u>1971</u>	<u>FY</u> <u>1972</u>	<u>FY</u> <u>1973</u>
<u>Cases:</u>	1041	1196	1624	2290
<u>Arrests:</u>	780	754	752	1314

To relate these gross figures to a specific crime for purposes of analysis, the data for homicide investigations are presented:

	<u>FY</u> <u>1970</u>	<u>FY</u> <u>1971</u>	<u>FY</u> <u>1972</u>	<u>FY</u> <u>1973</u>
<u>Homicides:</u>	39	44	79	105

The role of the State Police Detective Bureau is to serve as the principal unit for the investigation of serious crimes as well as coordinating the activities of other agencies with similar responsibilities

The Commonwealth of Massachusetts

REC'D JUL 17 1973

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section:

Bureau of Identification

2. Commanded by:

Edmund L. Reardon, Supervising Identification Agent

2a. Assigned personnel:

* Fifteen and one-half (15½)

* One member of staff working half time.

3. Function:

Designated to receive, classify, file and search fingerprints, photographs and other identifying material on criminal offenders and to retrieve and make available the same to eligible Criminal Justice Agencies.

4. Pertinent Statistics:

See attached.

5. Pertinent Information:

See attached.

(5.) PERTINENT INFORMATION.

During the past year we have come to within a very dangerous condition of running out of space for filing material as required- and, at present, nothing is visible to indicate that this condition will be alleviated.

We have had an extremely dirty office- dirty to the extent that it is a health hazard and deterrent to maximum production.

Despite the dirt, lack of space, equipment and staff we have served all of the eligible Criminal Justice Agencies (local, county, state, federal and foreign) which have made requests by providing records, copies of fingerprints, photographs, handwriting, composites and other identifying material. Hopefully, this service has been appreciated and of value.

We have served these same Criminal Justice Agencies by innumerable instances of assisting their witnesses of crimes in making composites from descriptions and by showing appropriate photo files.

For these same agencies we have prepared for printing many flyers of missing and wanted persons, unknown dead and amnesia victims, and requests for identification of stolen or recovered articles.

The Identification Bulletin containing information about sex-offenders, parolees, missing and wanted persons and other information of interest to Criminal Justice Agencies has been published six times during the past year. Preparation for printing and distribution of the Bulletin is a formidable task performed completely by the Bureau staff. The mailing list numbers seven hundred and forty (740).

During the year we have rendered what we call "extraordinary services" to Criminal Justice Agencies. These numbered two hundred and forty-seven (247) and are reflected in the case folders (assigned K numbers) used to record such services. These include making composites, assisting witnesses, searching photo files for unidentified photographs, composites, artist sketches and other services.

During the year, members of the Bureau staff have received several commendations. Probably the most noticeable being one from Chief James F. Reagan, Police Department Cambridge, dated May 25, 1973, thanking Identification Operator Robert Giano and the members of the staff of the Bureau for co-operation and assistance which resulted in the identification of two suspects of a murder. These suspects were subsequently apprehended, convicted and sentenced to life imprisonment for the murder.

We hope to continue and, hopefully, increase the services performed for eligible Criminal Justice Agencies in all matters where expertise in Identification methods is required.

The Commonwealth of Massachusetts

Department of Public Safety

1010 Commonwealth Avenue, Boston 02215

August 3, 1973

To: Commissioner John F. Kehoe, Jr.
 From: John J. McHugh, Chief of Laboratory
 Chemical Laboratory

Subject: Annual Report of the Chemical Laboratory, 1972-1973

1. The Massachusetts Department of Public Safety Chemical Laboratory serves a population of over five million. It is charged with performing all of the forensic toxicology, fire, and explosive chemistry for the state and criminalistics for all the state except for the city of Boston. In addition, the laboratory is authorized to certify analyses of drugs for officers of this department for judicial purposes. The Chief of Laboratory is Project Director of the Crime Scene Search Training Program under the terms of a Federal Law Enforcement Assistance Act Grant. In addition, the Chief of Laboratory is charged with the maintenance of operational control of the Racing Laboratory in accordance with the terms of Chapter 721 of the Acts of 1971 of the General Court.

2. It should be noted that there have been persistent personnel and automatic equipment shortages during the last few years in the laboratory, nevertheless, as indicated by the annual summaries, the laboratory personnel have completed an unusually large number of analyses during the last fiscal year:

- A. The criminalistics cases submitted to the laboratory, including those submitted by the State Fire Marshal's Office, number 1,371.
- B. The cases submitted by the Medical Examiners and State Police Pathologists, including homicide investigations, number 1,942. Significant increases in highway death investigations resulting from legislation requiring blood alcohol tests on decedent drivers and adult pedestrians are included in this summary.
- C. Drug cases submitted to the laboratory were 1,210.
- D. Breathalyzer Training Courses involving lectures on blood and breath alcohol levels in addition to Breathalyzer operation were given to 362 officers during the year.
- E. Saliva and urine samples from racing horses and greyhounds examined in the laboratory are now being separately funded under terms of Chapter 721 of the Acts of 1971.
- F. Legislation authorizing the issuance of blood alcohol certificates in cases of alcohol involvement in driving violations has resulted in an increased total of 92 driving while intoxicated cases submitted to the laboratory.

3. Major new equipment in the process of being acquired and/or installed by the laboratory during the fiscal year using a joint State and Federal Grant in accordance with the terms of the Law Enforcement Assistance Act includes:

- Laser Raman spectrophotometer
- Infrared spectrophotometer
- Two ultraviolet spectrophotometers
- Fan for Atomic Absorption spectrophotometer
- X-ray Fluoroscope
- Microtome and accessories
- Liquid chromatography apparatus
- Scintillation counter
- Spectrographic film holder
- PH meter
- Analytical balance
- Microscopes and accessories
- Gas chromatograph sample collector
- Two gas chromatographs
- Mass spectrometer
- Recorder for gas chromatograph
- Electrophoresis equipment
- Desks, chairs, and file cabinets
- Camera and projection equipment
- Books and bookcases
- Crime scene search vehicle
- Upright freezer
- Centrifuge
- Autoclave
- Vacuum pump
- Electric water bath
- Electric water still
- Flash point tester - open cup
- Flash point tester - closed cup
- Distillation apparatus
- Test tube shakers
- Triple-beam balance
- Blender
- Vacuum cleaner
- Tape dictator and transcriber
- Refractometer
- Two electric typewriters
- Two page-system units
- Miscellaneous small laboratory items

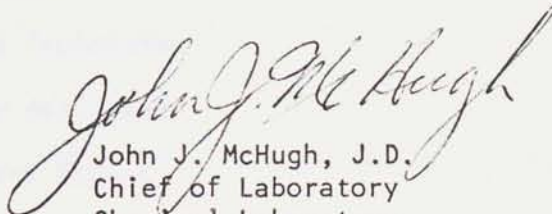

4. These equipment acquisitions will in the future be of much assistance to the personnel of the laboratory. It should be noted, however, that the laboratory is still in need of space because of its rapidly expanding role in the law enforcement, narcotic control and toxicology fields.

5. Under sponsorship of a joint Federal and State Grant, in accordance with the terms of the Law Enforcement Assistance Act, a major modernization and renovation of the Chemical Laboratory was commenced during the fiscal year and was well on its way to completion by the end of this period.

6. The personnel and automatic equipment shortages noted beforehand resulted in some cases in the curtailment in number and quality of the requested examinations, nevertheless, every effort was made by the laboratory personnel to complete the requested laboratory examinations in a professionally competent manner.

7. In conclusion, it should be noted that the cooperation of the Medical Examiners and State Police Pathologists, the State Racing Commission, and the other state agencies, and particularly the other divisions of the Department of Public Safety was forthcoming whenever needed and was much appreciated by the laboratory staff during the fiscal year 1972-1973. Personnel of the Department who should be especially commended for their continuous assistance during the year are:

Mr. Andrew O'Brien, Administration
Miss Harriet Swett, Administration
Miss Ann O'Malley, Administration
Mr. William Daniels, Building Inspection

John J. McHugh, J.D.
Chief of Laboratory
Chemical Laboratory

Instructions Sessions and Addresses	21
Organizational and Divisional Meetings	4

During the past year, this Division has not only continued to investigate fires and explosions and to prosecute cases in court where sufficient evidence was available, but has opened new avenues in the area of fire prevention activities. Some of the highlights of the year follow.

INSPECTION OF VEHICLES TRANSPORTING CLASS A & B FLAMMABLES

A concerted effort has been made to certify as safe all vehicles transporting flammable liquids. In this regard, all fire chiefs in the Commonwealth were contacted and directed to canvass their municipalities so that an accurate record could be obtained of all tank vehicles transporting Class A and Class B flammables and garaged within the state. Applications for approval of the vehicles were distributed to all known gasoline and oil dealers and, as a result, over 8,000 such applications were submitted to this office for processing. Certification decals were printed and, at this writing, all of these vehicles are being inspected to ascertain compliance with previously established regulations of the Board of Fire Prevention Regulations.

SELF-SERVICE GASOLINE STATIONS

Plans and specifications for over 60 proposed automated attended self-service gasoline station locations were submitted, and 47 such locations were certified as acceptable during the past fiscal year. In this same period, 7 non-conforming stations were ordered to cease operations. In addition, new regulations were promulgated to prohibit certain types of self-service gasoline stations which were deemed to constitute a possible hazard.

SHOPPING CART BARRIERS REDUCING REQUIRED EGRESS FROM STORES

A new innovation adopted by operators of large supermarkets and discount department stores to control shopping carts was discovered by our investigators and determined to be a flagrant violation of the state's minimum egress requirements. Through diligent inspection and notification to all violators, this hazardous condition has now been rectified.

CONTAINERS FOR TEMPORARY STORAGE OF FLAMMABLES

We are currently involved in the sizable undertaking of inspecting and certifying as safe, or condemning as unsafe, all containers sold to the public for use in the temporary storage of flammable products, particularly gasoline. Minimum standards for acceptance were established and all known container companies were so advised. Cans and containers from companies throughout the nation have been submitted for evaluation and testing, and all such containers will hereafter bear a certification label and a designated approval number issued by this office before they may be represented as suitable for the storage or transportation of gasoline. A proposed amendment to current regulations would require that any flammable liquid sold at retail, if in a container not approved for the storage or transportation of gasoline, shall be so labeled.

INADEQUATE LABELING OF FLAMMABLES SOLD AT RETAIL

A great deal of time has been devoted to the control of the merchandising of flammable materials in retail outlets, with particular emphasis placed on pesticides of a flammable nature and inadequate labeling on containers for same. This campaign has resulted in numerous household products and automotive aids now being properly labeled to satisfactorily alert the public to the possible hazards involved in their use.

FIRST ANNUAL FIRE INVESTIGATION AND ARSON SEMINAR

It is our hope that in the future we shall be able to curtail the amount of time spent determining the causes of fires which will allow us to concentrate our efforts on the apprehension and prosecution of persons suspected of setting fires for fraudulent purposes. Toward the end of having local fire departments eventually take over the function of determining causes of fires, in the spring of this year we conducted our first annual Fire Investigation and Arson Seminar at Quinsigamond Community College in Worcester. This seminar was attended by 470 firefighters, and a college credit was awarded to each for successful completion of same.

First Annual Fire Investigation and Arson Seminar (Continued)

We hope to conduct similar seminars annually which will aid in training fire departments in the basic fundamentals of fire causes and detection and the recognition of suspicious or incendiary fires. Through this endeavor it is hoped that when the complement of the Fire Marshal's Office is returned to full strength, adequate staffing will be available for the important work of fire prevention and the time consuming duties of investigation, apprehension, and prosecution of arsonists.

FIRE PREVENTION MOBILE EDUCATIONAL VAN

The Fire Prevention Van, which was devised and put together by this office and dedicated by the Governor in September, 1972, has evoked great popularity throughout the Commonwealth. In the nine months of its existence during fiscal 1973, the Van visited 17 communities throughout the state for periods ranging from two days to two weeks, and its display was viewed by thousands of people.

HELICOPTER EVACUATION IN HIGH-RISE FIRE EMERGENCIES

In the past year, much time and effort was devoted to formulating an emergency helicopter evacuation procedure should it ever become necessary to resort to this extreme measure to remove trapped persons from the roofs of high-rise buildings. Many meetings were held with military and civilian helicopter groups, and all aspects and potential problems were thoroughly explored.

PENDING LEGISLATION

The State Fire Marshal appeared before numerous hearings of the Legislative Committee on Public Safety in support of fire prevention legislation, and has personally sponsored bills to license installers of fire alarms, burglar alarms and sprinkler systems, and for increasing the amounts on bonds required for blasting operations and supervised fireworks displays.

Pending Legislation (Continued)

Also submitted were revisions to sections of law which would increase the penalties for purveyors of illegal fireworks and allow police officers to arrest violators without warrant.

PLANS FOR FISCAL 1974

Our plans include the continuance of all existing and newly established programs and to provide guidance and technical advice to the Board of Fire Prevention Regulations in the formulation of four new fire prevention codes; namely,

1. Regulating flammability requirements for children's sleepwear and other clothing up to Size 14.
2. Establishing regulations for fire protection and prevention in lumberyards.
3. Establishing regulations for fire protection and prevention in flammable liquid bulkplants and loading facilities.
4. Regulating flammability requirements for tenting material and canvas products.

Much work has already been put into the latter three regulations, and all are expected to be finalized in the near future.

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section: Staff Inspection and Internal Affairs
Unit of all Divisions, Bureaus, and Sections of the Department of Public Safety, except the Uniformed Branch of the State Police.
2. Commanded by:
Detective Lieutenant Inspector Edward J. Schofield
- 2a. Number of Assigned Personnel:
One
3. Function: To receive assignments directly from the Commissioner of Public Safety of matters affecting the Internal Affairs of this Department with the above-noted exception of the Uniformed Branch of the State Police.
4. Pertinent Statistics:
Not applicable
5. Pertinent Information:
Investigations have been made of matters dealing with the internal functions of the department; the majority of which would be classified as personnel problems.

All Divisions, Bureaus, and Sections have fully cooperated in any investigation that may have affected their unit.

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section:
Office of Staff Inspections

2. Commanded by:
Lieutenant Francis L. Sullivan - Staff Inspector

- 2a. Assigned personnel:
One Lieutenant

3. Function:
To insure that all department personnel are familiar with the policies and procedures of the department and operate in accordance with such policies and procedures. Conduct inspections of all entities within the department with a view of recognizing merit and seeking ways of constructively improving efficiency of operations.
4. Pertinent Statistics:
not applicable

5. Pertinent Information: This office began its functions six months ago. Inspections have been conducted in each of the field Troops for the purpose of setting up uniformity in operations in all departmental wide operations. Bureaus have been inspected with a view of increasing efficiency. With sufficient personnel assigned to this office it is anticipated that it will be of assistance in creating a most efficient and effective department through improving operational readiness of all personnel and bureaus. Also by bringing to light the valid suggestions of personnel who hesitate to make these suggestions otherwise; by riding the department of duplication of effort and expense; to use the talents and abilities of personnel to best advantage for the benefit of the department.

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section: FIREARM RECORDS BUREAU
2. Commanded by: William F. Fitzgerald, Jr.
Firearms Specialist
- 2a. Number of Assigned Personnel: ten (10)
3. Function: Because the functions of the Firearm Records Bureau are varied and complex in nature, it is impossible to limit the response to one paragraph. Accordingly, the attached is forwarded for your information. (Exhibit #1)
4. Pertinent Statistics:
See attached (Exhibit #2)
5. Pertinent Information:
See attached (Exhibit #3)

REC'D JUL 26 1973

FUNCTIONS:

research and investigate the background of all applicants for licenses to carry firearms in the Commonwealth, and the processing of all such licenses issued in accordance with the provisions of Chapter 140, Section 131;

classify and search within the Department for criminal record all fingerprints submitted in conjunction with the issuance of the various types of licenses falling within the purview of this Bureau, and the reporting of any results is forwarded to the issuing authority;

research and investigate the background of all applicants for licenses to sell, rent or lease firearms, rifles, shotguns or machine guns, or to be in the business as a gunsmith, reporting the results of such investigation to the issuing authorities; and to conduct the required hearing on any refusal of a license issued in accordance with the provisions of Chapter 140, Section 122;

research, investigate, and issue licenses to sell ammunition in accordance with the provisions of Chapter 140, Section 122D, and to assist in the establishment of the necessary rules and regulations deemed necessary in order to carry out the provisions of this section;

record, by means of electronic data processing equipment, the forfeiture or suspension of any dealer licenses as authorized by the officials empowered to issue such licenses;

record, by means of electronic data processing equipment, the transfer of licenses issued in accordance with the provisions of Chapter 140, Section 127;

prescribe the form to be used as a Firearm Identification Card issued in accordance with the provisions of Chapter 140, Section 129;

assist the issuing authorities in the record check of applicants for Firearm Identification Cards;

evaluate and determine qualification of applicants for Firearm Identification Cards, notifying the licensing authority whether there is reason to believe the applicant is disqualified by reason of a felony conviction in the last five years, confinement to any hospital or institution for mental illness, conviction of a violation of any federal or state narcotic or harmful drug law, treatment or confinement for drug addiction or habitual drunkenness, being under the age of fifteen at the time of application, from possessing a card;

issue licenses to carry firearms in the name of the Commissioner to suitable and properly qualified persons in accordance with the provisions of Chapter 140, Section 131;

record, by means of electronic data processing equipment, the revocation, suspension, loss or termination of licenses to carry firearms as reported to this Bureau by the licensing authorities;

issue by authority of Chapter 140, Section 131A, permits to purchase, rent or lease firearms, to qualified persons, if such purchase, rent or lease is for a proper purpose, and record the issuance of such permits by local authorities;

issue, after investigation, temporary licenses to carry firearms within the commonwealth to a non-resident or any person not falling within the jurisdiction of the local licensing authority in accordance with the provisions of Chapter 140, Section 131F;

issue, after investigation, a permit to an alien to own or have in his possession or under his control a rifle or shotgun, and to notify the chief of police or board or officer having control of the police in the city or town in which such alien resides of the issuance and/or revocation of such permit;

by means of electronic data processing equipment, and for the purpose of recording ownership, register the serial numbers and descriptions of firearms, rifles and shotguns submitted on a voluntary basis to the Bureau;

catalog and make available to law enforcement agencies interpretations and opinions of the Attorney General as they relate to firearms, rifles, shotguns, ammunition and allied statutes;

check, report, and record information submitted by means of the Massachusetts Police Teletypewriter Network, as it concerns firearms, rifles, shotguns, licenses and other related matters;

establish and maintain, by means of electronic data processing equipment, a central repository of all records of records of sales of firearms, rifles, shotguns and machine guns filed with the Commissioner of Public Safety in accordance with the provisions of Chapter 140, Section 132, and provide information relative to ownership, loss or theft of firearms, rifles, shotguns and machine guns to law enforcement agencies (this file also contains a record of inquiries made by police agencies whether or not a record is located).

List, tabulate and investigate gunshot reports made to the Commissioner of Public Safety by Massachusetts doctors and hospitals as required by Chapter 112, Section 12A;

by request, assist in the investigation and prosecution of violations of the Massachusetts General Laws relating to the carrying, sale, rental or lease of firearms, shotguns, rifles and machine guns and the possession and carrying of dangerous weapons;

by request, act as liaison with chiefs of police and other law enforcement officials and agencies relative to matters involving firearms and in the interpretation of the firearms and related statutes (viz: United States Postal Regulations re the mailing of firearms, Federal Gun Control Act of 1968, Sporting, Hunting, Fishing or Trapping Licenses, etc);

conduct investigations on illegal sales of firearms, rifles, shotguns, ammunition, machine guns and other items falling within the purview of the firearms statutes;

conduct investigations on applicants with criminal records, properly identifying the applicant through Court, Massachusetts Bureau of Identification and Massachusetts Board of Probation information;

establish and maintain cross reference index file of ownership on all sales of firearms, rifles shotguns and machine guns by serial number and name and license number of purchaser;

laminates and distribute to issuing authorities completed licenses to carry firearms;

prepare and distribute all amendments and corrective changes to the firearms law;

assist in the tracing of firearms, rifles and shotguns to determine present and past ownership;

assists in the making and promulgation by the Commissioner of Public Safety of rules and regulations relating to the sale of ammunition, and the sale, rental or lease, and the possession and carrying of firearms, shotguns, rifles, and machine guns subject to the provisions of G. L., chapter 140, sections 121 to 131H, inclusive, and as most recently amended by the provisions of chapter 737, Acts of 1968;

assists in the designing of the various forms necessary to carry out the provisions of Chapter 140, sections 121 to 131H, and to advise the proper procedure necessary to implement the use of such forms;

assists in the planning and development of new procedures for electronic data processes and of computer orientated programs as they relate to the Bureau.

assists in the formation of Department policy with respect to the implementation of the various and complicated firearms statutes;

assists in the coordination of such efforts as central index, National Crime Information Center (NCIC) computer input and output programs;

transmits various types of material for use by other Bureaus within the Department of Public Safety;

by assignment, lectures on the firearms laws to police and other interested groups.

The Commonwealth of Massachusetts

DEPARTMENT OF PUBLIC SAFETY

FIREARM RECORDS BUREAU ANNUAL REPORT OF ACTIVITIES
FOR PERIOD JULY 1, 1972 THRU JUNE 30, 1973.

Permits to Carry Firearms (Form FA-19) supplied to local departments:	45,420*
Permits to carry Firearms processed:	54,072
Firearms-Ammunition-Gunsmith licenses processed:	1,323
Permits to Possess Machine Guns processed:	54
Permits to Carry Firearms (Temporary C. 140, S. 131F) issued:	1,245
Permits to Carry Firearms (Resident-issued by Commissioner):	1,806
Permits to Possess Machine Gun (Resident-issued by Commissioner):	0
Permits to Possess Machine Gun (Temporary-Non-Resident-issued by Commissioner):	0
TOTAL VALUE REALIZED:	\$38,534.75
Permits to Carry Firearms applicants with record of misdemeanors:	13,622
Background checks of firearms, rifles, shotgun, machine guns, by serial number or name (telephone and teletype inquiries):	8,615
Investigations made necessary and conducted as a result of firearms checked and record was found:	3,201
Background communications forwarded to local, state and out-of-state departments:	3,032
Communications forwarded to local departments by personal letter and/or Form FA-12:	2,701
Communications to individuals and dealers (telephone, personal and letter):	11,918
Fingerprints classified:	0
Permits, dealers and licenses to carry, due to investigations conducted by this Bureau:	287
Processing Cards keypunched:	145,661
Assignments:	6
Firearms (firearms, rifles, shotguns, machine guns) registered with this Bureau licensed dealers and/or individuals:	77,170
Background investigation reports received and processed:	1,525
Reports for other Bureaus, Sections, Units, etc:	943
Permits to Possess a Rifle or Shotgun (issued by the Commissioner):	1,842
Background investigation Cards processed:	40,155
Background investigation Card disqualification notices sent to licensing authorities as a result of investigations conducted by this Bureau:	326
Projects:	177

FIREARM RECORDS BUREAU:

ANNUAL REPORT INFORMATION
DEPARTMENT OF PUBLIC SAFETY FORM ADM-72:

EXHIBIT # 3.

One of the most important highlights of Bureau activity during the past twelve months has been the ability to assist law enforcement agencies (federal, state, local) in the developement and prosecution of their cases involving firearms, rifles, shotguns and machine guns. Many times during the past year, the members of the Bureau have been called on to testify in the various courts and at Grand Jury hearings throughout the Commonwealth. The number of requests has steadily increased.

Another highlight would be the continuing study of the Massachusetts firearms law by the members of this Bureau in association with the Legislature, Office of the Attorney General and Firearms Identification Bureau. A series of amendments regulating further the purchase, sale and possession of firearms, rifles, shotguns, machine guns, ammunition, and related items were recommended to the Great and General Court by the Department of Public Safety during the recent Legislative Session. These amendments were initiated by the Firearm Records Bureau and were the result of considerable research, evaluation and developement. Acceptance was favorable and the recommendations were passed into law.

It is the aim of the Firearm Records Bureau to render the best possible service to all law enforcement agencies and citizens within and without the Commonwealth of Massachusetts in the administration of the firearms and related statutes. It is our hope that through this effort there will be a better acceptance, understanding, implementation and enforcement of the existing firearms law.

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section: State Boxing Commission

2. Commanded by: Edward J. Urbec, Chairman
Emmanuel G. Aronis, Commissioner
Thomas W. McNeeley, Jr., Commissioner
Fred Lampson, Secretary (Effective 6/1/73)

- 2a. Assigned personnel:

Francis V. Lehan, Chief Administrative Clerk

3. Function: The State Boxing Commission is established to administer and regulate the conduct of boxing or sparring matches or exhibitions being held for a prize or a purse, or at which an admission fee is charged, directly or indirectly. The Commission's administrative and regulatory mandate encompasses both professional boxing and amateur matches and exhibitions.

4. Pertinent Statistics:

See Appendage A

5. Pertinent Information:

See Appendage B

4. Pertinent Statistics:

Number of professional clubs conducting boxing matches and exhibitions	8
Number of professional exhibitions held, fiscal 1972-73	25
Receipts from 5% tax on gross receipts & television rights, boxing exhibitions, fiscal 1972-73	\$21,522.45
Receipts from license fees (all sources)	\$1,276.00

Licenses granted:

Boxers	101
Managers	15
Seconds	44
Referees	15
Judges	25
Timekeepers	9
Physicians	10
Matchmakers	2

Licenses suspended:	80
---------------------	----

Licenses revoked:	None
-------------------	------

Special and Amateur Exhibitions conducted	69
---	----

5. Pertinent Information: During fiscal 1972-1973, the State Boxing Commission supervised 25 professional boxing shows and 69 amateur exhibitions in various locations throughout the Commonwealth. Some of the outstanding boxing events held in Massachusetts were: In October 1972, former World Heavyweight Champion Muhammad Ali boxed in a 10 round exhibition at the Boston Garden against 5 local opponents; also, the Boston Garden was the scene of the 10 round middleweight contest between former World Welterweight and Middleweight Champion Emile Griffith and Joe De Nucci of Newton, Mass.

In March of 1973, the National Golden Gloves Championship tournament (5 consecutive days) was conducted at Lowell, Mass. under Commission supervision; and in May of 1973, Hynes Memorial Auditorium in Boston was the site of the National Amateur Boxing Championships Tournament. This was the first time in over a decade that Boston was chosen as the location for this tournament (6 consecutive days), the final evening of which was televised nationally over CBS Sports Spectacular.

Legislation: In February of 1973, a petition of the Commission to amend certain sections of G.L., C. 147 (subsequently taking the form of House Bill 6238) was given a hearing before the Committee on Government Regulations. The purpose of the proposal is to authorize the Commission to regulate and administer the exhibiting of closed circuit television boxing beamed into the Commonwealth, and at which an admission fee is charged, directly or indirectly. The bill will provide additional revenue for the Commonwealth in the form of taxes on the gross receipts from the sale of tickets. Chairman Urbec and Commissioner McNeeley represented the Commission at the hearing. On March 28, 1973, the bill was reported favorably

5. Pertinent Information (Continued):

out of committee, with emergency preamble attached.

On June 1, 1973, Mr. Fred Lampson was appointed Deputy Commissioner of Public Safety. The duties of the Deputy Commissioner of the Department encompass that of Secretary of the State Boxing Commission.

During this fiscal period the Massachusetts Commission continued to exchange pertinent information on boxers and boxing matters with the leading boxing states in the nation....

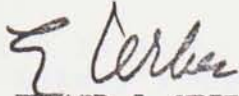

New York, New Jersey, California, Nevada, and others. Also, In September of 1972, the Commission members met with several Connecticut officials in reference to a bill enacted by the Legislature in Connecticut sanctioning boxing in that state.

(The boxing law had been repealed a number of years previously).

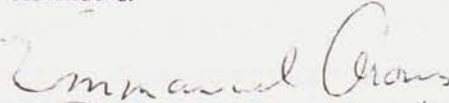

The purpose of the meeting was to assist the Connecticut officials in promulgating a set of Rules and Regulations concerning boxing, and to render advice and information concerning the administration of boxing by the Commission.

A copy of the Laws, Rules and Regulations relating to boxing in Massachusetts was turned over to the Connecticut group, together with certain forms and data.

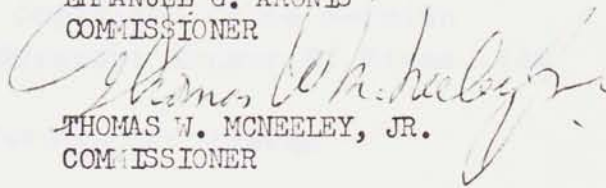

Massachusetts continues to be considered a key boxing state in the nation, as witnessed by the selection of this state for two National amateur tournaments in the same year; and boxing activity is remaining stable. The future of boxing appears to be hopeful inasmuch as a Harris Poll Sports Survey issued in May 1973 indicates that boxing is on the upswing, and that spectator interest has increased seven per cent in the past year.

EDWARD J. URBEE
CHAIRMAN

EMMANUEL G. ARONIS
COMMISSIONER

THOMAS W. MCNEELEY, JR.
COMMISSIONER

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section: General Headquarters Boston
Department of the Attorney General
Organized Crime Section
2. Commanded by: Staff Sergeant Ernest T. Finan, #54
- 2a. Number of Assigned Personnel: Eleven
3. Function: The Organized Crime Section is responsible for the collection, evaluation, analysis and dissemination of information pertaining to Organized Crime operations and individuals. The Section investigates the techniques and results of Organized Crime operations. It gathers detailed background including surveillance on individuals involved in Organized Crime.
4. Pertinent Statistics: In Fiscal 1972 to 1973 the Section was involved in the following investigations: 1 Conspiracy-Race Fixing; 1 Extortion; 2 Major Bank Frauds; 30 Gaming; 6 Homicides; 2 Receiving Stolen Goods; 1 Counterfeiting; 2 Hi-jacking; 5 Business Background Investigations; 6 Wiretap Investigations; 87 Investigations for Out of State Agencies; 145 Telephone Toll Analysis; 16 Individual background investigations; 42 Arrests
5. Pertinent Information:
 - 1) The Section, working with Rhode Island State Police, conducted an investigation into Race Fixing at Suffolk Downs and at Narragansett Park in Rhode Island resulting in convictions in Massachusetts and indictments in Rhode Island. This is the first major race fixing prosecution in this state.
 - 2) Four wiretap orders were executed by the Section resulting in 30 arrests, 16 major bookmaking offices were put out of business
 - 3) Information developed by Tpr. William Jarrett of this Section prevented the successful hi-jacking of a tractor trailer load of produce valued in excess of \$25,000 and resulting in two arrests.
 - 4) Using Informants and physical surveillance, the recovery of \$70,000 in negotiable securities and the arrest of one subject.

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section: Building Inspection, Division of Inspection.

2. Commanded by: John T. Loynd, Acting Chief of Inspections.

- 2a. Assigned personnel: 2 Supervisors & 31 State Building Inspectors; 1 Supervisor & 25 District Engineering Inspectors; 1 Supervisor, 10 Elevator Inspectors & 8 Elevator Examiners; 1 Associate Civil Engineer & 2 Senior Civil Engineers in Life Safety Code Enforcement Section; 1 Head Clerk; 1 Principal Storekeeper; 1 Sr. Clerk-Steno.; 1 Sr. Clerk.

3. Function: Inspection of public facilities (buildings, structures, elevators, power pressure vessels, power reactor vessels, hoisting equipment, air tanks, refrigeration equipment, and examinations of applicants for licenses incidental to the operation of certain of the afore-mentioned facilities.

4. Pertinent Statistics: Statistics contained in Division's annual statistical report.

5. Pertinent Information: The effectiveness of the operation is reflected in the decreasing number of accidents through using these public facilities as compared with the rapidly increasing number of units being built and maintained in this Commonwealth.

The Commonwealth of Massachusetts

Department of Public Safety

Engineering Section, Division of Inspection
1010 Commonwealth Avenue, Boston, Mass. 02215

August 15, 1973

To: John T. Loynd, Acting Chief of Inspections
From: John K. Olsen, Supervising District Engineering Inspector
Subject: Annual Report for Fiscal Year July 1, 1972 thru June 30, 1973

1. In accordance with memorandum from Commissioner John F. Kehoe, Jr., dated June 19, 1973, following is the annual report for this section:

A. Section - Department of Public Safety, Division of Inspection,
Engineering Section

B. Director - John T. Loynd, Acting Chief of Inspections
Supervisor - John K. Olsen, Supervising District
Engineering Inspector

Number of personnel - 25 District Engineering Inspectors
(one vacancy)

- 1 Administrative Assistant to Super-
vising District Engineering Inspector
- 1 Principal Clerk
- 2 Junior Clerk-Typists (one full time
and one part time)
(Have always been assigned two full time
Junior Clerk-Typists which are not even
enough to handle the work load of the
office)

C. Function - To make inspections of boilers, air tanks, refrigeration,
air conditioning units, other types of pressure vessels that
compliment boilers and air tanks, also inspections of LPG and LNG
static head and pressure head containers with piping and collateral
pressure vessels in the system, including their refrigeration units;
licensing of second and first class firemen, third, second and first
class engineers, hoisting machinery operators as follows:

1. Steam

- A. portable
- B. hoisting

- 2 -

C. Function (cont'd.)

2. Mechanical Other Than Steam

- A. hydraulic
- B. hydraulic with restrictions

3. Combination hydraulic/cable

4. All cable

- A. cranes
- B. shovels
- C. backhoes, etc.

5. Electric

Oil Burner Technicians

- 1. heavy oil
- 2. gun type, light oil
- 3. range pot and other types

Nuclear Licensing

- 1. Assistant Nuclear Power Plant Operating Engineer
- 2. Nuclear Power Plant Operating Engineer
- 3. Senior Supervising Nuclear Power Plant Engineer

Nuclear Inspections and Surveys

Tank Storage - fluids contained in vessels in excess of 10,000 gallons both flammable and inflammable

D. Statistics - please see attachments A, B and C

E. Highlights during the past year.

The first highlight of the past fiscal year was the passage by the Legislature and signature by the Governor of the Nuclear license law as sponsored by the department. This section was already deeply involved in nuclear inspection and surveying, however, passage of the licensing law gave us further control over nuclear installations which will help to secure an excellent record of safety in Mass. and has returned about \$20,000. in revenue. Massachusetts is one of the few states that has not been censured by Nader's raiders because of unsafe nuclear power plants.

The liberalization of the insurance inspection laws by passage of a bill permitting re-insurance of boilers, air tanks and refrigeration units was also a highlight of the year and reduces the number of insurance companies with whom we are required to do business.

A request by four European pressure vessel builders to build "Mass. Std." tanks was another first for the division of inspection. Careful analysis of the request allowed two of the companies to build "Mass. Std." tanks and one person to be commissioned as an "Inspector of Steam Boilers" for the Commonwealth. This required a trip to Europe to visit France, Switzerland, Germany and England. Since that time

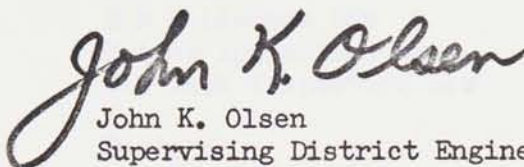

Chief John T. Loynd

- 3 -

two more inspectors have come to Massachusetts from England and have been examined and found competent and issued certificates so that we now have three representatives in Europe to guarantee to us that pressure vessels are being properly built before being shipped into Mass.

The state of the art is developing at such a tremendous pace that we desperately need more help and funds for educational improvement of the inspection force. More supervision is also required as well as an inservice training program to develop new inspectors.

Our role is to maintain the record of safety and to improve our inspection and examination techniques.

John K. Olsen
Supervising District Engineering Inspector

Annual Report for the Period of July 1, 1972 to June 30, 1973 - Board of
Boiler Rules

During the fiscal year of July 1, 1972 to June 30, 1973, seven meetings were held by the Board of Boiler Rules. They included two statutory public hearings and two advertised public hearings, all of which were held in compliance with the requirements of Chapter 146, Section 3 of the General Laws, Tercentary Edition, as amended. The public hearings were held on November 2, 1972 for the adoption of the 1971 edition of the American Society of Mechanical Engineers Boiler and Pressure Vessel Code and addenda to summer of 1972, including Sections I, II, III, IV, VIII, Div. 1; IX, X and IX and for the presentation of pamphlets BLR-1 thru 9, 11 and 12 for adoption, and on May 3, 1973 for proposed changes in BLR-5 and 7 and for the rescinding of BLR-10.

There were eleven petitions received by the Board of Boiler Rules. All were eventually accepted after discussion and considerable background information.

Some of the more important petitions were from Cogenel, Inc., a subsidiary of Compagnie Generale D'Electricite, Paris, France, plant located at Delle-Alsthom, Villeurbanne, France; Brown Boveri, Baden, Switzerland; Mannesmannrohrwerke, Dusseldorf, Germany and High Voltage Power Corporation which has a joint venture with the Merlin Gerin Company at Grenoble, France. We now have three Mass. commissioned inspectors in Europe. A petition from Berg, DeMarie and Berg, Inc., of Boston, resulted in a change in BLR-5.

The Board is discussing the effects of the laws, rules and regulations of HEW and OSHA. If Massachusetts will be required by the above Federal agencies to adopt new and more stringent codes then large additional funds and more personnel will be required to implement the law.

The Board is considering a requirement that all pressure vessels coming into Mass. be stamped Mass. Standard by a shop inspector holding a Mass. certificate and the additional possibility of issuing a reciprocal commission for shop inspectors holding a National Board commission as a nonresident in Mass. This will return substantial fees to the Commonwealth but will require a change in the statute.

Annual Report - Bureau for the Storage of Fluids (Fiscal Period 7/1/72 - 6/30/73)

A total of 58 tanks were covered by permits issued by the Commissioner of Public Safety for the fiscal year July 1, 1972 thru June 30, 1973. These tanks will contain a total of 40,582,399 gallons of various products. The breakdown is as follows:

6 tanks	for the storage of	#6 Fuel Oil	26,152,000
2 tanks	" " "	Wet Methyl Alcohol	60,000
2 tanks	" " "	Tallow	1,334,000
16 tanks	" " "	Propane	529,980
6 tanks	" " "	#2 Fuel Oil	8,552,000
1 tank	" " "	Waste Cooking Water and Chemical Fluids	66,000
1 tank	" " "	Carbon Steel	88,000
1 tank	" " "	#5 fuel oil	20,000
1 tank	" " "	Resin	20,000
1 tank	" " "	Sigma base	57,000
2 tanks	" " "	Carbonate Hydroxide	128,100
10 tanks	" " "	Asphalt	2,360,000
3 tanks	" " "	Home Heating Oil	60,000
1 tank	" " "	Liquid Oxygen	110,000
1 tank	" " "	Liquid Nitrogen	225,000
2 tanks	" " "	Turbine Lube Oil	22,000
1 tank	" " "	Low Lead Gasoline	778,319
1 tank	" " "	Diesel fuel	20,000
<hr/> 58 tanks			<hr/> 40,582,399 gallons

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section:

BOARD OF ELEVATOR REGULATIONS

2. Commanded by:

Adam D. Strachan (Chairman)
 Abraham Van Lenten (Clerk)
 Nicholas M. Mele
 Henry E. O'Donnell, Jr.

John M. Otis
 William Bishop Stone
 Richard R. Thuma, Jr.
 John T. Loynd (Ex-Officio)

2a. Assigned personnel:

Two: (Bonita Breedy)
 (Vacancy)

3. Function: (Primary)

- A. Formulation and revision of rules and regulations pertaining to the safe use, installation, construction and alteration of elevators dumbwaiters, escalators and moving walks.
- B. Conducting hearings on variances from the codes and hearings on appeals arising from interpretations, etc. of the codes.

4. Pertinent Statistics: Meetings held: 25 (excluding numerous subcomm. mtgs.); Hearings on petitions for variances: 22 (14 granted; 4 denied; 3 withdrawn; and one pending.) Hearings on appeals from interpretation, etc. of the codes: 4 (3 granted; 1 denied). Statutory Public hearings held: 10/4/72 and 5/2/73. Advertised public hearing held: 5/2/73.

5. Pertinent Information:

Numerous amendments to the codes--involving elevator equipment and useage--have been studied, analyzed and discussed at considerable length during Board meetings as well as at the advertised and statutory hearings referred to under item 4 above.

Code work is constantly under review and revision by the Board in order to keep in step and abreast of new materials, equipment design as they affect installation, repair and useage in relation to the general well being and safety of the public.

For example, considerable effort has been expended on incorporation into the code of the so-called "fire fighters keyed switch" and also "emergency

BOARD OF ELEVATOR REGULATIONS
ANNUAL REPORT FOR FISCAL 1972-1973
Page two

5. Pertinent Information: (Cont'd.)

power" requirements--both directed towards improvement of the safety of fire fighting personnel and the general public, particularly in high rise buildings.

Consistent with the work activity, the Board has endeavored to assist wherever possible in the effort to promote improvement and continued safety involving elevator useage and equipment, with the continued effort to make accident control as productive as possible as it applies to all users and the general public. The Commonwealth has consistently been a leader in this field.

Adam D. Strachan

Chairman

BOARD OF ELEVATOR REGULATIONS

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section: Elevator Section
Division of Inspection

2. Commanded by: Supervising Elevator Inspector
James F. Fagan

2a. Assigned personnel: 18 men &
One Supervisor
10 Inspectors
8 Examiners
Also one Jr. Clerk

3. Function: Public Safety- as it pertains to the installation, operation and maintenance on Elevators, Escalators, Dumbwaiters and various other types of related equipment. Supervise the installation, witness annual tests, Investigate accident reports and license qualified people to operate and install equipment. We are the inspectors having jurisdiction in 301 cities and towns and as well do all state bldgs, MBTA, Colleges, Courthouse, Port & Airport Authorities and some federal bldgs.

4. Pertinent Statistics:

See attached statistical sheet
attached identified as Added info #1

5. Pertinent Information:

See attached sheet identified as Added info #2

NOTE: Also please see "Sheet identified as Added info #3"
Interesting facts concerning elevators.

ELEVATOR SECTION

ANNUAL REPORT - JULY 1972 to JUNE 1973Elevators, Escalators & Dumbwaiters:

Placarded	19
Plans Filed	264
New Construction Inspections	759
Inspections (tests)	3610
Changes Inspected	1508
Orders Issued	2463
Certificates Issued	2847
Visits	8806

During this period there were 86 Elevator, escalator & Dumbwaiter accidents reported to this section, two (2) of which were fatal.

Operators Licenses Issued	2257
Operators Licenses Renewed:	2165

Revenue derived from Elevator Operator Licenses both new and renewed: \$5,550.50

Revenue derived from inspections of new and existing elevators, escalators and dumbwaiters: \$52,745.00

TOTAL REVENUE: \$58,295.50

ANNUAL REPORT INFORMATION (Nbr. 5 Pertinent Information ADI-72)

The Elevator Section started operations this fiscal year at the tail end of a two-month National Elevator Mechanics strike. Because of the strike we have been behind in our testing for almost the entire year.

We have added one city (Chelsea) and one town (Watertown) to our inspection responsibilities this past fiscal year with a combined total of approximately 160 elevators.

New Construction showed a slight increase over the previous year, so that now in the Cities and Towns covered by State Inspection we have over 1,000 new elevators constructed every four years.

We suffered the loss of one of our inspectors thru retirement halfway thru the year, and this man has not been replaced. At present, we have only one man in western Massachusetts inspecting and because of the amount of testing and the tremendous amount of traveling necessary we can not keep up in that area. Our inspector Bushlow covering the area was involved in a head on collision in July on a mountain road in fog and was lucky to escape with his life.

We showed the lowest amount of elevators placarded this year, i.e. elevators shut down because of an unsafe or dangerous condition.

Licensing of Elevator Operators showed an increase this fiscal year.

The accident total is the lowest in the past few years; however, statistically there was a 100% increase in fatals, one last year and two this year. I would like to stress that this is the accident total for the entire state not just state inspected elevators. Most of the accidents were on escalators and were of a minor nature. I also believe that some Cities and Towns do not report and our figures are conservative.

We have added a new junior clerk to our section at the very end of the Fiscal year and should be able to improve our record keeping.

We are still looking for additional inspectors requested thru the budget each year as well as other budge items requested annually.

Looking to the Future this section will need additional inspection personnel very soon and we will have to assume responsibilities for inspections in several cities and towns that are starting to neglect elevator inspections as their inspection departments become more involved in other areas. We will need to set up frequent seminars for our own personnel and others to keep them informed on changes on codes, regulations and the "exotic" type of elevator equipment coming into existence. We will lose another inspector to retirement next year. The public is becoming more dependent on elevators, the fire departments want to use them to evacuate in case of fire and other disasters which will mean a great deal of study and many new regulations. They are putting elevators in cities and towns now that never had them before. We will have to raise our inspectors salaries to attract qualified mechanics to this department if we hope to maintain a qualified staff. At present there is well over a \$200.00 per week difference in pay. We will also have to maintain a stronger liaison with the Fire Department Instructional teams with all of the high rise elevators being constructed.

UNITED STATES

More people ride on elevators each year than on any other form of transportation including subways, buses, trains & planes.

In NYC Alone 5,000,000 people a day ride on elevators

There are more than 142,000 passenger elevators in the U.S.

They carry 32 billion passengers a year.

They travel 540 million miles on their closed courses and at speeds ranging from 100 to 1700 feet per minute.

MASSACHUSETTS:

- * We have approx. 24,000 elevators of all types in the commonwealth (1966 survey)
- * We inspect elevators that have a rise of as little as 8 feet to one that goes higher than the prudential bldg (TV Tower in Needham)
- * We have elevators that carries only a few pounds (Jewelry store D!) all the way up to a massive freight elevator at the Prudential Center that will lift a loaded tractor trailer.
- * We have Electric Elevators, Oil -Hydraulic , Water Hydraulic, Hand Powered Belt Driven even I believe a Steam driven one. We also have radio controlled elevators, glass enclosed elevators and some high speed, hi-rise double decker elevators presently under construction.
- * We have elevators in this state that go back 50 years and some even older.
- * Until recently we have had approx 250 Elevator accidents a year reported to this department . Last Fiscal year we had 99, one of which was fatal. Most of the accidents reported are escalator accidents and of a very minor nature.
- * In the Cities and Towns State Inspected there are between 150 and 200 new elevators installed each year.
- * The U. of Mass. campus at Amherst has over 100 elevators. and the Jordan Marsh Store complex in downtown Boston has close to that and they move a tremendous amount of people.

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section:

BOARD OF STANDARDS: Annual report for the months of July 1, 1972 through January 1, 1973.
(Please see item no. 5 of this report.)

2. Commanded by:

Harry P. Hogan (Acting Chairman)	John Guarino
George J. Brennan, Jr. (Clerk)	John T. Loynd (Ex Officio)
Alfred J. DiMambro	John Lyons
James R. Gilman	Vernon Gerald Wright

2a. Assigned personnel:

Two: (Administrative Secretary)
(Hearings Stenographer)

3. Function:

To write and amend from time to time rules and regulations relating to construction, etc., as required by Chapter 143, Sections 3B, 3I, 3J, and 3R.

4. Pertinent Statistics:

Thirteen (13) regular meetings were held (subcommittee meetings not included).

A statutory public hearing was held on October 3, 1972.

5. Pertinent Information:

Recognizing the benefits to be achieved through the establishment of a uniform state building code, the Board supported legislation to create a State Building Code Commission with broad powers to write a mandatory statewide code which would cover every type structure, including one and two family dwellings.

The members of the Board held their final meeting on December 28, 1972 (Section 5 of Chapter 802 of the Acts of 1972 repealed Section 13 of Chap. 22).

The Board presented a "History of the Board of Standards 1943 - 1973," and Commissioner Kehoe presented to each member a Certificate of Merit, expressing the appreciation of the Commonwealth.

Bonita Breedy
— Administrative Secretary

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section:

BOARD OF SCHOOLHOUSE STRUCTURAL STANDARDS

2. Commanded by:

Ruth Morey
(Chairman & Clerk)

Francis S. Harvey

Edward J. Tedesco

Herbert W. Eisenberg

2a. Assigned personnel:

Two: (Bonita Breedy)
(Vacancy)

Arthur R. Barnes

Francis J. Linehan, Jr.

Edward E. Kelleher

Raymond Stanton

Ex-Officio Members:

John F. Kehoe, Jr.

John T. Loynd

Elton B. Smith (SBAB)

3. Function:

Responsibility for formulating regulations for schoolhouse construction; updating regulations through constant review; interpreting regulations when necessary; and acting as a board of appeals.

4. Pertinent Statistics:

The Board was established in 1955 for three years and extended regularly by the Legislature. House 2467 is now awaiting enactment to continue the Board's mandate to 1976. The Board held six (posted) meetings.

5. Pertinent Information:

Amendments to the Regulations, approved in June 1972, were filed and became effective September 6, 1972.

No public hearing was deemed necessary this calendar year since major problems have been resolved through prior amendments.

With the establishment of a statewide building code by January 1, 1975, the duties of the Board will become advisory.

Instead of writing our usual annual report, we have filled out this form as requested, although the Board was established "within but not under" the Department of Public Safety.

Ruth Morey
Ruth Morey, Chairman

BOARD OF SCHOOLHOUSE STRUCTURAL STANDARDS

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

2. Commanded by:

Samuel Gronich (Chairman)
V. Carlisle Smith (Clerk)
Frederick J. Lawson
Joseph B. Corleto

William H. Chaffee
Edward B. Callahan
Joseph W. Mannix
Frederick W. Johnson

William H. Mork
Joseph G. Sneider
(Ex Officio)

2a. Assigned personnel:

Two: (Bonita Breedy)
(Vacancy)

3. Function:

4. Pertinent Statistics:

5. Pertinent Information:

PLEASE REFER TO SHEETS ATTACHED.

FUNCTION

3. The Board of Fire Prevention Regulations which was established under Chapter 22, Section 14 of the General Laws has conducted its duties during the 1972-73 fiscal year in accordance with its responsibilities as further outlined in Chapters 143 and 148 of the General Laws.

PERTINENT
STATIS-
TICS

4. The Board of Fire Prevention conducted 33 regular meetings during the fiscal year. Included among those meetings were two advertised public hearings and two statutory public hearings. The first advertised hearing was held on August 10, 1972, and was continued to August 31, 1972. This hearing dealt with FPR-1 (Fireworks), FPR-3 (Oil Burning Equipment), FPR-4 (Garages), FPR-9 (Remedying Conditions), FPR-11 (Massachusetts Electrical Code), FPR-16 (Lumberyards). On October 5, 1972, a statutory public hearing was held at which time there was discussion regarding FPR-3 and FPR-15. On May 3, 1973, there was a statutory public hearing that was followed by an advertised public hearing which covered the following regulations: FPR-4 (Garages), FPR-7 (Transportation of Flammable Liquid), FPR-8 (Tanks and Containers), FPR-9 (Remedying Conditions), FPR-13 (Storage, Etc., Limited Quantities of Flammable Fluids, Solids, or Gases), and FPR-17 (Governing the Handling of Flammable Liquids in Bulk Plant Loading and Unloading Facilities).

PERTINENT
INFORMA-
TION

5. This brief compilation of the activities of the Board of Fire Prevention Regulations must be limited to a mere outline of the more important subjects that were discussed and acted upon but does not include any mention of the time spent on many subjects that were brought before the Board for its consideration without a subsequent modification of the regulations. At one time or another some parts of each regulation were discussed but only the regulations noted below were modified to any extent.

*FPR-1

Changes were made making it mandatory for anyone transporting fireworks to obtain a permit from the Marshal. Several modifications were also made involving inspection of the site and the display before, during, and after the display.

FPR-3

At the request of various fire chiefs, changes were made increasing the requirement for fire-proofing over and around oil fired burners. This same modification was added to FPR-9.

FPR-4

The most important modification of this regulation was centered upon the general discussion of the design and use of self-service gasoline stations.

Modifications were made in the rules requiring that any plans and specifications for such service stations must be submitted to and approved by the Marshal. There was much discussion regarding the interpretation of the regulations which provide for the proper surveillance and operation of these stations in view of the increased demand for new installations.

FPR-7

The rule requiring the certification of tank vehicles was strengthened by requiring the attachment of the certification to the tank vehicle and modifying the rule to make the inspection of such tanks mandatory at least every two years. The rule requiring the carrying of fire extinguishers on all tank vehicles was modified to conform more closely to the D.O.T. regulations. The section entitled, "Transportation by Vehicles" was amended to require that all cargo tanks used for transportation of Class A or B flammable liquid must bear labels reading "FLAMMABLE." A new section under "Transportation by Tank Vehicle" itemizes specifications under which vehicles other than the approved tank vehicle transporting flammable liquids for fueling on site construction or agricultural equipment shall be permitted.

FPR-8

A rule which required the pressure testing of certain valves was rescinded and changes were made requiring any person knowing of a spill, leak, overflow, or rupture of a tank to report such incidence to the head of the fire department.

FPR-9

Although there were many discussions regarding this all encompassing regulation, the main modification concerned the postponement of the effective date of the rule regarding the sale of fire-proof tents to April 1, 1974.

FPR-11

This regulation which is under constant review and discussion was modified in many sections. There was considerable discussion at the public hearings regarding the ground-fault detectors and the wiring in so-called portable partitions.

FPR-16 (PROPOSED LUMBERYARD REGULATIONS)

This proposed new regulation was presented to the public hearing in 1972 which resulted in the postponement of its enactment. This regulation is in the final stages of revision and will be brought before another public hearing in the coming months.

FPR-17 (PROPOSED BULK PLANT LOADING REGULATIONS)

This regulation covering the handling of flammable liquids in bulk plant loading and unloading facilities was drawn up during the past fiscal year and was finally brought before the public hearing in May for comment. This regulation has been completed and will be presented to the Secretary of State with a minimum of delay.

The Board will continue to consider the many requests for updating and modification of the regulations during the coming year and will undertake the

- 4 -

establishment of new regulations wherever such regulations are mandated by need provided they are within the limits of the dictates of the laws governing the Board.

Respectfully submitted,

V. Carlisle Smith

V. Carlisle Smith
Clerk

DEPARTMENT OF PUBLIC SAFETY
ANNUAL REPORT INFORMATION FORM

The following information is to be submitted for enclosure in the Department of Public Safety's Annual Report by August 15, 1973:

1. Troop/Unit/Section:

BOARD TO FACILITATE THE USE OF PUBLIC BUILDINGS BY THE PHYSICALLY
HANDICAPPED

2. Commanded by:

Benjamin Tessler (Chairman)
Francis Quinn (Clerk)
John F. Kehoe, Jr.
Benjamin Fritz

Robert J. Lynch
J. D. Keith Palmer, M.D.
Joel M. Samuels

2a. Assigned personnel:

Two: (Bonita Breedy)
(Vacancy)

3. Function:

- To formulate and revise when necessary and to enforce rules and regulations of the Board (code: PHR-1).
- To serve in an advisory capacity to building owners.
- To act as an appeal board in cases where the code (portions thereof) is impractical.

4. Pertinent Statistics:

Thirty-seven (37) regular meetings were held at 1010 Commonwealth Avenue. One hundred thirty (130) hearings were conducted, some of which were re-hearings or continuations. Numerous subcommittee meetings were also held.

5. Pertinent Information:

Under Re-organization of Public Safety, H 6050, the Board was to have been abolished and replaced by one individual with the title of "Inspections Administrator." The Board is of the opinion that its contribution is too valid to justify its being abolished. The Board contacted all handicapped groups and veterans organizations to inform them of H 6050. Due to the concern of these groups, the Department of Public Safety drew up an amendment to H 6050 which would retain the Board. (See attached.)

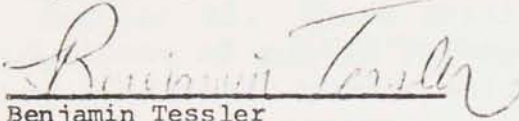

We see an ever-increasing role for our Board in the future due to the greater numbers of handicapped persons who are seeking education and employment in the Commonwealth. To insure that these responsibilities are met, the Board needs one of its members to be a permanent employee. A full-time secretary is also necessary.

BOARD TO FACILITATE THE USE OF PUBLIC
BUILDINGS BY THE PHYSICALLY HANDICAPPED

ANNUAL REPORT FOR FISCAL 1972-1973

We commend the Legislature for the passage of Chapter 418 which empowers supervisors of plans to insure that plans and specifications conform to the regulations of the Board.

Respectfully submitted,

Benjamin Tessler
Chairman

AMENDMENTS TO RETAIN A BOARD TO FACILITATE PUBLIC
BUILDINGS BEING USED BY PHYSICALLY HANDICAPPED PERSONS

Section 20, Subsection 33 - line 612 & 613, page 23.

Delete the words "use of public buildings by physically handicapped persons,".

Section 95 - Page 44 - repeal and replace with the following:

Section 95. There shall be in the inspections administration in the department of public safety, a board to be known as the architectural barriers board, which shall consist of the inspections administrator, or his designee, the secretary of elder affairs, or his designee, and five members appointed by the inspections administrator with the approval of the secretary of public safety, three of whom shall be selected from lists of nominees submitted by advocacy groups in behalf of the physically handicapped. The members initially appointed by the inspections administrator shall serve for one, two, three, four and five years, respectively, according to the terms of their respective appointments. Upon the expiration of the term of a member appointed by the inspections administrator, his successor shall be appointed for a term of four years. Any vacancy in the office of a member appointed by the inspections administrator shall be filled for the unexpired term. At all times, at least three members of the board shall be physically handicapped persons and the chairman of the board shall be elected annually by the members.

Each member appointed by the inspections administrator shall be paid for each day while in the actual performance of his duties such rate as shall be approved by the commissioner of administration and shall also receive from the commonwealth all expenses necessarily incurred by him in connection with his official duties.

The said architectural barriers board shall make and from time to time alter, amend and repeal, in accordance with the provisions of chapter 30A, rules and regulations designed to make public buildings accessible to, functional for, and safe for use by physically handicapped persons and shall cause the dissemination of the rules and other information to interested persons. Said rules and regulations shall be deemed to be a specialized code as referred to in section nineteen of chapter twenty-three B and the violation of which shall be subject to the provisions of section seventeen of said chapter twenty-three B. In addition to the penalties provided for violations of said state building code, the architectural barriers board shall have the power of a local inspector in the enforcement of its rules and regulations, including but not limited to, the power to institute and prosecute proceedings in the superior court to compel such compliance, and shall not be required to pay any entry fee in connection with the institution of any such proceedings.

No public building shall be constructed, reconstructed, altered or remodeled except in conformity with said rules and regulations, nor until a copy of the plans and specifications have been approved as provided in this chapter and showing compliance with said rules and regulations; provided, however, that if the said board determines that compliance with said rules and regulations is impracticable in the particular case, he may provide for modification of, or substitution for, such rule or regulation.

As used in this section, the term "public building" shall be construed to mean buildings constructed by the commonwealth or any political subdivision thereof with public funds and open to public use, including but not limited to those constructed by public housing authorities, the Massachusetts Port Authority, the Massachusetts Parking Authority, the Massachusetts Turnpike Authority, or building authorities of any public educational institution, or their successors, and the term "physically handicapped person" shall be construed to mean any of the following: - a person confined to a wheel chair, a person who, because of the use of braces or crutches or because of the loss of a foot or leg, or because of an arthritic, spastic, pulmonary or cardiac condition, walks with difficulty or insecurity, a person who, due to a brain, spinal or peripheral nerve injury, suffers from a faulty coordination or palsy, a person who is blind or whose sight is so impaired that, functioning in a public area, he is insecure or exposed to danger, a person whose hearing is so impaired that he is unable to hear warning signals and a person whose mobility, flexibility, coordination and perceptiveness are significantly reduced by aging.

As used in this section, the term "public building" shall be construed to mean also privately financed buildings that are open to and used by the public. Buildings that are open to and used by the public shall include but not limited to the following buildings: - transportation terminals, institutional buildings, commercial buildings exceeding two stories in height or employing more than forty persons, buildings having places of assembly of a capacity of more than one hundred and fifty persons, public areas in funeral homes, rest rooms in shopping centers, hotels, motels and dormitories.

REC'D FEB 28 1974

ANNUAL REPORT

1973-~~74~~

RECREATIONAL TRAMWAY BOARD

The Recreational Tramway Board was established by Chapter 565 Acts of 1968, granting authority to formulate rules and regulations for the safe installation, maintenance and operation of recreational tramways. Members serving on the Board during the year 1973 were:

J. Calvert Conniff of Longmeadow, representing
Ski Lift Operators.

George J. Lippman of Holyoke, Representing
Ski Clubs

Harold J. Morley of North Andover, representing
Ski Tow Operators

William E. Soares of North Beverly, representing
Insurance Companies

Representing the Commissioner of Public Safety throughout the year was Janes F. Fagan, Supervisor of Elevator Examiners.

Mr. Conniff served as Chairman and Mr. Lippman, clerk.

During the year the Board has met monthly at the office of the Department of Public Safety in Boston or at the Mt. Tom Ski Area in Holyoke. Sub-committee meetings have also been held periodically in various parts of the Commonwealth depending on matters to be discussed.

This past year (1973) saw many changes. Perhaps, most significant (so far as personnel was concerned) was the resignation of our Board Chairman, Mr. J. Calvert Conniff in November. Mr. Conniff was a charter member of the Board (and its only Chairman) and was appointed in October 1968 by the then Gov. John A. Volpe and was designated by him to be its chairman.

Mr. Conniff devoted a great deal of time and effort to the work of preparing a Code of Safety Standards for the construction, operation and maintenance of recreational tramways within the Commonwealth. It was primarily through his leadership that the Mass. Code for Recreational Tramways now exists. Mr. Conniff resigned to accept the position of Executive Director of the National Ski Area Operators Association.
